a book for thoughtful readers and not particularly lawyers or scholars of law and society who are engaged in the issues of the day and want something other than easy answers from the right and left most issues of law and social policy can be understood better through a lens that balances rights and interests and protects all of us while protecting each of us says renowned communitarian sociologist amitai etzioni in his latest of 30 books in law in a new key etzioni addresses hot bed issues of terrorism drone warfare airport security and scanners government surveillance norms of social disapproval and forgiveness human rights and respect for ethnic cultural differences he shares his

perspective as one who has fought in a resistance and then later became a professor at columbia university and the george washington university the perspective and his decades of academic research persuaded him that the answer to thorny legal and policy issues is found neither in unyielding devotion to individual rights at all costs nor in reflexive empowerment of the state in times of crisis and pain the answer is in moral dialogs respect for the basic right to life and security responsible checks on power and a balancing of interests that all must be seen as legitimate in a world of pundits and partisans who favor one right what good is the right to privacy if the basic right to live is sacrificed as the right holder is blown out of the sky if new technologies make it possible to conduct terrorism and crime without the law catching up to them what happens when respect for one religious position means choosing among religious positions a collection of 15 trenchant essays drawn from the popular press and academic journals yet accessible to a spectrum of readers who care about the key issues of the day and see the complexity in them law in a new key takes a fresh look at so many important topics that need examination through a community concerned lens the frame gives contours and substance to today s debates without offering the usual entrenched policy solutions of kneejerk partisans etzioni asks such questions frankly and on a variety of topics that matter rights carry responsibilities and freedom and human rights must put living first in a world that does not always concede that self evident proposition it is book about law and society whose time has come for many readers the social and legal notes he plays will finally sound in their register

this book presents a comprehensive theory of why human freedom gave way to increasing oppression since the invention of states and why this trend began to reverse itself more recently leading to a rapid expansion of universal freedoms and democracy drawing on a massive body of evidence the author tests various explanations of the rise of freedom providing convincing support of a well reasoned theory of emancipation the study demonstrates multiple trends toward human empowerment which converge to give people control over their lives most important among these trends is the spread of emancipative values which emphasize free choice and equal opportunities the author identifies the desire for emancipation as the origin of the human empowerment trend and shows when and why this desire grows strong why it is the source of democracy and how it vitalizes civil society feeds humanitarian norms enhances happiness and helps redirect modern civilization toward sustainable development

this compelling collection explores diverse dimensions of the philosophy of education using key content from the educational philosophy and theory journal in 13 chapters it provides unique perspectives from over 150 thought leaders in the field of the philosophy of education the new inaugural chapter reimagining philosophy of education in a new key past present and future sets the tone for introspection and forward thinking in the field the subsequent chapters through an established collective writing

methodology delve into various topics from radicalisation and violent extremism the role of education in social justice environmental concerns in the context of education decoloniality and the future of educational philosophy and many others a distinctive feature of this volume is its global perspective integrating views from western global south and indigenous thinkers this approach facilitates a rich and multifaceted discussion on the future of philosophy of education the volume challenges conventional notions and encourages the reader to think critically about the future directions of education and its philosophical underpinnings the collective work of 150 key thinkers presents a tapestry of thought provoking ideas and innovative approaches to philosophical inquiry in education this volume is a significant contribution to the field offering fresh perspectives and stimulating dialogue on the evolving role of philosophy in education it serves as an essential resource for educators policy makers scholars and students interested in the philosophical dimensions of education and its future trajectories
