are you tired working far from home or looking for a gig to earn you extra money there is a plethora of opportunities available for those who want to work from home especially the stay home moms you probably went to school and had earned a degree you spent sleepless nights working on your education so that you could further your career unfortunately motherhood

demands much from you and you decide to quit your 9 5 job or your boss is stressing you or even the job you got does not make you happy regardless of your gender age or skin or height today s economy does not cut anybody any slack bills have to be paid and you have to feed and dress your children and yourself so is it possible to have a profitable and fruitful career while working at home well the answer is yes only if you balance your life with your professional background experience and determination this is achievable if you probably did not manage to get a degree that doesn t mean you should give up not at all fear should not hold you back that your skills are not honed enough to turn them into viable dreams relax it s not utterly necessary to have a distinct set of skills to be able to work from home you have as many opportunities as those with degrees do often they seek a different type of jobs out of the available pool of jobs this book has been curated to help you work comfortably from home we will see the different careers you could take while working from home the advantages as well as the disadvantages of working from home and how to set up a routine that will help you manage your time wisely i invite you to grab a copy of this book and change your perspective of working from home

in this era of frequent corporate restructuring and rapid technological change successful companies must have employees who are open to innovation and to changing roles and are able to work together productively research shows that employees most likely to be adaptable cooperative and productive are those who are satisfied with their jobs therefore it is essential that leaders of american business understand how to enhance job satisfaction within their organizations in job satisfaction top academic researchers in the field share state of the art information on creating job satisfaction its resulting benefits and the risks of having too many employees who are dissatisfied with their jobs as they show job satisfaction is also an extremely useful predictor for management an employee s level of job satisfaction is the single most important piece of data a manager or organizational psychologist can have to predict an employee s rate of absenteeism decision to resign or retire desire for union representation or level of psychological withdrawal before they can enhance job satisfaction managers must understand its components research demonstrates that an employee s level of satisfaction is based not only on events in the present and past but also on his perceptions of the future foreseeing future opportunities for advancement for increased pay for participation in decision making or for networking lead to a high level of job satisfaction in fact the authors reveal perceiving future opportunity can actually be more motivating than actually receiving a raise getting promoted or being given additional responsibilities job satisfaction dispels the notion that jobstress necessarily leads to dissatisfaction and shows how an organization should focus on increasing satisfaction rather than just reducing stress it is especially important for managers to stimulate job satisfaction by improving their employees sense of achievement through making tasks and their objectives clear

as well as giving feedback academics and managers alike will find job satisfaction a source of new and useful information for understanding and enhancing satisfaction on the job

master s thesis from the year 2024 in the subject urban and regional planning grade very good course urban and regional development planning language english abstract this study was intended to examine the impact of infrastructure development projects in creating jobs and reducing poverty by taking fiche town in focus the study was specifically driven by three objectives to assess the direct and indirect job creation potential of infrastructure projects to examine the impact of infrastructure project on poverty reduction and to investigate factors influencing the effectiveness of infrastructure projects in promoting job creation and poverty reduction in the study area to this end the study employed mixed research approach quantitative data was edited coded and entered into statistical package for social sciences spss software version of 23 and analyzed accordingly besides qualitative data was duly transcribed edited coded and categorized into its respective themes and analyzed thematically descriptive statistics such as frequency percentage and means were computed to present results and discussion of the study inferential statistics regression and anova were computed to check independent and dependent variables used in the study the issue of examining the impact of infrastructure development projects in creating jobs and reducing poverty is becoming development agenda and simultaneously untapped area of research concern despite considerable efforts made by the government to expand infrastructure development projects in some regards the problem of equal coverage its quality creating job opportunity and reducing poverty has almost been equivalent this study reveals that there was the expansion of infrastructure development projects in the study area during the past four years 2020 2024 while expanding these infrastructures job opportunities have been created for the unemployed youth both as permanent and temporary forms although the distribution and the amount expected does not match with the emerging demands over time significant changes have been achieved in this sector to realize the ultimate goals of infrastructure development projects this study recommends that as far as the issue of infrastructure is developmental issue concerned bodies should be integrated to ensure access quality at all levels proper participation of all stakeholders in formulating and implementing community tailor policy on their issues to achieve long lasting infrastructures both in terms of job opportunities and poverty reduction in all aspects
