how do ideologies shape international relations in general and middle eastern countries relations with the united states in particular the clash of ideologies by mark l haas explores this critical question haas s central claim is that leaders ideological beliefs are likely to have profound effects on these individuals perceptions of international threats these threat perceptions in turn shape leaders core security policies including choices of allies and enemies and efforts to spread their ideological principles abroad as a key means of advancing their interests two variables are particularly important in this process the degree of ideological differences dividing different groups of decision makers ideological distance and the number of prominent ideologies that are present in a particular system ideological polarity the argument is tested in four case studies of states foreign policies primarily since the end of the cold war iran saudi arabia syria and turkey as the argument predicts ideological differences in these

cases were a key cause of international conflict and ideological similarities a source of cooperation moreover different ideological groups in the same country at the same time often possessed very different understandings of their threat environments and thus very different foreign policy preferences these are findings that other prominent international relations theories particularly realism cannot explain the purposes of the book go beyond advancing theoretical debates in the international relations literature it also aims to provide policy guidance on key international security issues these prescriptions are designed to advance america s interests in the middle east in particular namely how u s leaders should best respond to the ideological dynamics that exist in the region

this book presents a new and different approach to the subject of political ideologies it is intended both to stimulate thought and discussion and to serve as a comprehensive foundation for study

the war on terror tends to circumscribe crucial developments in the islamic world within a narrow definition of islamic terrorism this partial and incomplete perspective fails to comprehend the links between today s scenario and the iranian revolution of 1979 a revolution fought in the name of god and spearheaded by religious scholars it is vital to examine the relationship between religious and revolutionary ideologies and the revolutionary potentials of islamic teachings in a penetrating new study najibullha lafraie examines how revolutionary ideologies function and applies these insights to the quran and its interpreters in the vanguard of the iranian revolution by unpacking these discourses lafraie develops and refines the concept of a quranic revolutionary ideology the ideology of the islamic revolution delineates the different ways in which the quran was used to mobilise action in 1979 and in so doing provides a context for understanding today s islamist movements

michael oakshott described conservatism as a non ideological preference for the familiar tried actual limited near sufficient convenient and present historically conservatives have been associated with attempts to sustain social harmony between classes and groups within an organic hierarchical order grounded in collective history and cultural values yet in recent decades conservatism throughout the english speaking world has been associated with radical social and economic policy often championing free market models which substitute the free movement of labour and forms of competition and social mobility for organic hierarchy and noblesse oblige the radical changes associated with such policies call into question the extent to which contemporary conservatism is conservative rather than ideological this book seeks to explore contemporary conservative political thought with regard to such topics as one nation politics and big society sovereignty multiculturalism and international blocs paternalism and negative liberty with regard to narcotics pornography and education regional and international development and public faith establishment and religious diversity this book will be published as a special issue of global discourse

examines the tenets of liberalism socialism conservatism marxism anarchism and fascism

democracy and human rights are key focuses in today s world as countries across the globe attempt to address significant problems within their territories such as illiteracy discrimination and gender inequality in order to develop and evolve to ensure countries address these critical human rights issues further study is required to understand and identify potential causes and solutions global dimensions of democracy and human rights problems and perspectives considers the main principles of democracy and human rights including the analysis of personal political economic social legal ethnic and religious freedoms as well as the importance of democracy enlargement for the establishment of peace and stability in the world the book also discusses the main obstacles of democracy and human rights protection and what should be done globally to prevent and resolve these issues to achieve tolerance and equity in the world covering topics such as civil rights global development and digital technologies this reference work is ideal for political scientists activists policymakers government officials industry professionals researchers scholars practitioners academicians instructors and students

presenting key selections from a wide array of original sources this collection covers the gamut of ideologies from the classic standards to newly emerging ideologies and puts students directly in touch with the thinkers and the ideas that have shaped our world

with recent upheavals in the middle east and north africa the eighth edition of the government and politics of the middle east and north africa has been thoroughly revised to provide a necessary comprehensive and current examination of the domestic politics and foreign policies of this crucial region a newly expanded introduction provides students with a comparative and thematic overview of the region from its political regimes and electoral institutions to its economic and social concerns each chapter written by an invited specialist uses a common framework to explore the historical background social and political environment political structure and dynamics and foreign policy of a country chapters are augmented by a country map a box providing key facts and an annotated bibliography summarizing the major literature the eighth edition provides vital new considerations of the aftermath of the arab spring the ongoing sectarian violence and rise of isis and the growth of social forces like youth movements and women s rights groups in addition the inclusion of six new contributors brings fresh perspectives ensuring that the government and politics of the middle east and north africa remains an essential guide to the region s political landscape

this text surveys the major ideologies which have shaped the political landscape covering traditional ideologies including liberalism conservatism and socialism and newly emerging ideologies like environmentalism

a clear and accessible introduction to the political creeds and doctrines that have dominated and shaped world politics the fifth edition has been thoroughly updated throughout and now has more on the influence of globalization on ideology and a new look page design to aid student learning

globally oriented this thoughtfully executed book presents the concepts frameworks and interpretative tools for understanding the diverse range of political systems at work in our world today from democratic to authoritarian prompting readers to ask what constitutes good government and how it can be achieved it introduces the dynamic worlds of political science politics and government examines theories and methods of comparison and international relations and focuses on both domestic and global factors in promoting change introducing the ideas which form the basis of political science it compares culture ideology constitutions government institutions public administration elections and parties and interest groups among the world's 192 states exploring both international and domestic factors in politics it discusses recent controversies such as the strategic environment disarmament north south politics human rights environmental economic and health questions chapters are organized to help readers learn to appreciate the rigorous relationship between concepts and empirical analysis pairing a more general chapter is followed by an empirically oriented chapter concerning all democratic and authoritarian countries for those beginning work in the fields of civics politics government and international affairs

presents broad coverage of ideologies in an objective manner

this text is suited for introduction to political science courses taught at universities and colleges across canada in this fourth edition of an introduction to political science comparative and world politics students are introduced to politics and government through a comparative lens with a canadian emphasis canadian content has been increased throughout the text and material has been updated to address such contemporary topics as globalization and the september 11 terrorist attacks the text can be used in either a relevant one semester or full year course both of which are offered by universities and colleges in political science and public administration departments
