sharpen your radiographic skills and reinforce what you ve learned in bushong s radiologic science for technologists 10th edition corresponding to the chapters in the textbook this workbook helps you learn by doing worksheets crossword puzzles and math exercises a math tutor section helps you brush up on your math skills you ll gain the scientific understanding and practical experience necessary to become an informed confident radiographer in depth coverage lets you review and apply all of the major concepts from the text over 100 worksheets make it easy to review specific topics and are numbered according to textbook chapter math tutor exercises provide a great refresher for beginning students or extra practice with decimal and fractional timers fraction decimal conversion solving for desired mas and technique adjustments penguin boxes summarize relevant information from the textbook making it easier to review major

concepts and do worksheet exercises new worksheets on digital radiographic technique and the digital image display provide an excellent review of the new textbook chapters closer correlation to the textbook simplifies your review

course objectives students completing this course will explore the history of the church learn about the lives of courageous missionaries around the world understand the importance of spreading the gospel study current global missions needs acquire geographical knowledge vocabulary study having a good vocabulary is essential for students to be effective communicators thinkers and readers it is a skill that is applicable to any academic discipline including history students should be encouraged to look up words that they do not know when they encounter them while reading students will not do formal vocabulary activities in this course but a glossary has been provided for words that the students may find difficult or unfamiliar in the assigned reading upon encountering an unknown word the student should consult the glossary provided at the back of the teacher guide and or a dictionary students should also be aware that many of these words have multiple meanings it is important that students learn to use the context of these words in the text to help understand their meanings students are encouraged to maintain a list of these words and review them periodically throughout the course review could include writing the words and their definitions on index cards to use as flashcards having students create their own dictionaries or using the words in sentences this component of the course is entirely optional however and not built into the schedule using vintage books one of the books included in this course adventures in missionary heroism was originally published in the early 1900s there is real value in reading vintage books like this one these historical texts not only provide us with information but also insight into the attitudes and perceptions of people from that time it is important to remember that vintage books can express attitudes and use terminology that is no longer considered appropriate when students come across these moments in vintage books it is the perfect opportunity for them to have a discussion with their teacher about this material teachers and students can use this opportunity to analyze the differences in attitudes between now and then as well as to review biblical principles regarding issues like racism these conversations will provide students a context for understanding the attitudes expressed in the text as well as help them develop their own skills of discernment and critical thinking when it comes to materials they are reading

chapter discussion question teachers are encouraged to participate with the student as they complete the discussion questions the purpose of the chapter purpose section is to introduce the chapter to the student the discussion questions are meant to be thought provoking the student may not know the answers but should answer with their thoughts ideas and knowledge of the subject using sound reasoning and logic they should study the answers and compare them with their own thoughts we recommend the teacher discuss the questions the student s answers and the correct answers with the student this section should not be used for grading purposes dvd each dvd is watched in its entirety to familiarize the student with each book in the course they will watch it again as a summary as they complete each book students may also use the dvd for review as needed as they complete each chapter of the course chapter worksheets the worksheets are foundational to helping the student learn the material and come to a deeper understanding of the concepts presented often the student will compare what we should find in the

fossil record and in living creatures if evolution were true with what we actually find this comparison clearly shows evolution is an empty theory simply based on the evidence god s word can be trusted and displayed both in the fossil record and in living creatures tests and exams there is a test for each chapter sectional exams and a comprehensive final exam for each book

the vital resource that provides all assignments for the world s story volume 2 course which includes materials lists for each chapter oral and written narration prompts critical thinking questions copywork sketching map activities timeline exercises dig deeper research prompts and other fun projectsreview sections craft suggestions special project ideas art and architecture studies and answer keys overview students will learn all about medieval history and civilizations the course includes 28 chapters and 4 built in reviews making it easy to finish in one school year the activity pages include a variety of fun engaging assignments both oral and written narration are key elements of the course as well students are also encouraged to participate regularly in fun research assignments further reading crafts and more features the calendar provides daily lessons with clear objectives and activities

advanced pre med studies course description semester 1 from surgery to vaccines man has made great strides in the field of medicine quality of life has improved dramatically in the last few decades alone and the future is bright but students must not forget that god provided humans with minds and resources to bring about these advances a biblical perspective of healing and the use of medicine provides the best foundation for treating diseases and injury in exploring the history of medicine author john hudson tiner reveals the spectacular discoveries that started with men and women who used their abilities to better mankind and give glory to god the fascinating history of medicine comes alive in this book providing students with a healthy dose of facts mini biographies and vintage illustrations it seems that a new and more terrible disease is touted on the news almost daily the spread of these scary diseases from bird flu to sars to aids is a cause for concern and leads to questions such as where did all these germs come from and how do they fit into a biblical world view what kind of function did these microbes have before the fall does antibiotic resistance in bacteria prove evolution how can something so small have such a huge deadly impact on the world around us professor alan gillen sheds light on these and many other questions in the genesis of germs he shows how these constantly mutating diseases are proof for devolution rather than evolution and how all of these germs fit into a biblical world view dr gillen shows how germs are symptomatic of the literal fall and curse of creation as a result of man s sin and the hope we have in the coming of jesus christ semester 2 body by design defines the basic anatomy and physiology in each of 11 body systems from a creationist viewpoint every chapter explores the wonder beauty and creation of the human body giving evidence for creation while exposing faulty evolutionist reasoning special explorations into each body system look closely at disease aspects current events and discoveries while profiling the classic and contemporary scientists and physicians who have made remarkable breakthroughs in studies of the different areas of the human body within building blocks in life science you will discover exceptional insights and clarity to patterns of order in living things including the promise of healing and new birth in christ study numerous ways to refute the evolutionary worldview that life simply evolved by chance over millions of years the evolutionary worldview can be found filtered through every topic at every age level in our society it has become the overwhelmingly accepted paradigm for the origins of life as taught in all secular institutions this dynamic education resource helps young people not only learn science from a biblical

perspective but also helps them know how to defend their faith in the process

the vital resource for grading all assignments from the advanced pre med studies course which includes the fascinating history of medicine providing students with a healthy dose of facts mini biographies and vintage illustrations insight into how germs are symptomatic of the literal fall and curse of creation as a result of man's sin and the hope we have in the coming of Jesus Christ overview from surgery to vaccines man has made great strides in the field of medicine quality of life has improved dramatically in the last few decades alone and the future is bright but students must not forget that God provided humans with minds and resources to bring about these advances a biblical perspective of healing and the use of medicine provides the best foundation for treating diseases and injury the evolutionary worldview can be found filtered through every topic at every age level in our society it has become the overwhelmingly accepted paradigm for the origins of life as taught in all secular institutions this dynamic course helps young people not only learn science from a biblical perspective but also helps them know how to defend their faith in the process features the calendar provides lesson planning with clear objectives and the worksheets and quizzes are all based on the materials provided for the course
