be an eyewitness to the world of birds everything you ever wanted to know about our feathered friends from the moment a chick hatches and grows in the nest to how birds camouflage themselves fly hunt and feed get the picture using the clip art cd with over 100 amazing images to download then use the giant pull out wallchart to decorate your room great for projects or just for fun this fact packed guide and cd shows and tells you everything you need to know about birds i am a big fan of these they are brilliantly visual there isn't a child that would be able to resist picking that up reader reviews

graham martin takes the reader deep into the world of birds from a new perspective with a through birds eyes approach to ornithology that goes beyond the traditional habitat or ecological point of view there is a lot more to a bird's world than what it receives through its

eyes this book shows how all of the senses complement one another to provide each species with a unique suite of information that guides their daily activities the senses of each bird have been fine tuned by natural selection to meet the challenges of its environment and optimise its behaviour from spotting a carcass on a hillside to pecking at minute insects from catching fish in murky waters to navigating around the globe the reader is also introduced to the challenges posed to birds by the obstacles with which humans have cluttered their worlds from power lines to windowpanes all of these challenges need explaining from the birds sensory perspectives so that effective mitigations can be put in place the book leads the reader through a wealth of diverse information presented in accessible text with over 100 colour illustrations and photographs the result is a highly readable and authoritative account which will appeal to birdwatchers and other naturalists as well as researchers in avian biology the author has researched the senses of birds throughout a 50 year career in ornithology and sensory science he has always attempted to understand birds from the perspective of how sensory information helps them to carry out different tasks in different environments he has published papers on more than 60 bird species from albatrosses and penguins to spoonbills and kiwi his first fascination was with owls and night time and owls have remained special to him throughout his career he has collaborated and travelled widely and pondered diverse sensory challenges that birds face in the conduct of different tasks in different habitats from mudflats and murky waters to forests deserts and caves in recent years he has focused on how understanding bird senses can help to reduce the very high levels of bird deaths that are caused by human artefacts particularly wind turbines power lines and gill nets

heaven's eagle is a commentary on one of scripture's most beloved passages psalm 91 it examines how god dealt with mooses the author of the poem using the figure of an eagle to describe the ways of the holy spirit in heaven's eagle you'll learn many fascinating insights such as the eagle of psalm 91 corresponds closely to the imagery of the passover the cleft of the rock where god hid mooses is actually the place where eagles nest when israel crossed the red sea they were preceded by tens of thousands of eagles the eyesight of an eagle demonstrates seven ways the holy spirit gives the believer vision the eagle's mastery of wind gives deep insight into the ways of the spirit tales in many cultures speak of eagles fighting dragons types of satan and the antichrist eagles are raptors that carry away prey much as the holy spirit will rapture believers heaven's eagle is a valuable reference that will give you deeper understanding of psalm 91 and other biblical passages that speak of the holy spirit in the metaphor of an eagle
