examining essential aspects of american life john budd investigates how informational sources print and broadcast media and other resources fall short when it comes to informing citizens failing our democracy and damaging the public good

the oxford handbook of roman law and society surveys the landscape of contemporary research and charts principal directions of future inquiry more than a history of doctrine or an account of jurisprudence the handbook brings to bear upon roman legal study the full range of intellectual resources of contemporary legal history from comparison to popular constitutionalism from international private law to law and society thereby setting itself apart from other volumes as a unique contribution to scholarship on its subject the handbook brings the study of roman law into closer alignment and dialogue with historical sociological and anthropological research into law in other periods it will therefore be of value not only to ancient historians and legal historians already focused on the ancient world but to historians of all periods interested in law and its complex and multifaceted relationship to society

the book ecosystem is radically changing and libraries must change with it this book tackles the controversial discussion about ebooks and explores librarian driven solutions and visions for the future of libraries in the 21st century the ebook revolution a primer for librarians on the front lines is exactly what its title promises an essential resource for librarians facing the formidable task of coordinating the library wide transition to ebooks and fielding questions from patrons about ebooks on a daily basis after an introduction that covers the basics of ebooks and current ebook technology the author puts things into perspective documenting the changes that have occurred over the past decade she also delves into important ebook issues identifying librarian driven solutions and providing glimpses of what libraries in the near future will likely be like the book examines perennially critical issues such as accessibility resource sharing and the digital divide within the context of ebook technology and provides a clear framework for discussing ebooks thereby enabling readers to make informed decisions regarding their own organizations

director producer and screenwriter joss whedon is a creative force in film television comic books and a host of other media this book provides an authoritative survey of all of whedon s work ranging from his earliest scriptwriting on roseanne through his many movie and tv undertakings toy story buffy the vampire slayer angel firefly serenity dr horrible the cabin in the woods and agents of s h i e l d to his forays into the marvel cinematic universe the book covers both the original texts of the whedonverse and the many secondary works focusing on whedon s projects including about 2000 books essays articles documentaries and dissertations

scores of birthplace monuments and historic childhood homes dot the american landscape these special places many dating to the early years of the last century have enshrined nativity alongside patriotism and valor among the key pillars of the nation s popular historical imagination the essays in this volume suggest that the way americans have celebrated famous births reflects evolving expectations of citizenship as well as a willingness to edit the past when those hopes go unfulfilled the contributors also demonstrate that the reinvention of origin myths at birthplace monuments still factors in american political culture and the search for meaning in an ever shifting global order beyond asking why it is that americans care about birthplaces and how they choose which ones to commemorate born in the u s a offers insights from historians curators interpretive specialists and others whose experience speaks directly to the challenges of managing historical sites each essay points to new ways of telling old stories at these mainstays of american memory the case of the modern house museum receives special attention in a provocative concluding essay by patricia west in addition to west and the editor contributors include christine arato dan currie keith a erekson david glassberg anna thompson hajdik zachary j lechner paul lewis hilary iris lowe cynthia miller laura lawfer orr robert paynter angela phelps and paul reber

billy apple born barrie bates in auckland 1935 is new zealand s most internationally significant living artist and a pioneer of pop and conceptual art at the royal college of art in london from 1959 62 apple studied with key contemporaries notably david hockney and staged one of the earliest solo exhibitions in the new pop art after changing his name in 1962 to billy apple in 1964 he moved to new york there he worked as an art director developed his art exhibited extensively with leading artists notably in the 1964 american supermarket exhibition with andy warhol jasper johns and others and established one of the first alternative art spaces apple which hosted some of the new ephemeral activities that enlivened the new york scene in the 1970s he returned to live in new zealand in 1990 where he continues to produce his particular brand of conceptual art apple s work is held in permanent collections from the tate to the philadelphia museum of art this is the first substantial book on billy apple s career based on over a decade of research all over the world and unprecedented access to apple s own archive billy apple life work chronicles an extraordinary sixty year career and the art scenes that have sustained it in london new york and auckland the book includes more than 200 illustrations in colour with a generous selection of reproductions of apple s works as well as other illustrative material

whether we stream them on our laptops enjoy them in theaters or slide them into dvd players to watch on our tvs movies are part of what it means to be socially connected in the twenty first century despite its significant role in our lives the act of watching films remains

an area of social activity that is little studied and thus little understood in watching films an international cast of contributors correct this problem with a comprehensive investigation of movie going cinema exhibition and film reception around the world with a focus on the social economic and cultural factors that influence how we watch and think about movies this volume centers its investigations on four areas of inquiry who watches films under what circumstances what consequences and affects follow and what do these acts of consumption mean responding to these questions the contributors provide both historical perspective and fresh insights about the ways in which new viewing arrangements and technologies influence how films get watched everywhere from canada to china to ireland a long overdue consideration of an important topic watching films provides an engrossing overview of how we do just that in our homes and across the globe

nasa proposed to make a hardware contribution to the european space agency s esa s euclid mission in exchange for u s membership on the euclid science team and science data access the euclid mission will employ a space telescope that will make potentially important contributions to probing dark energy and to the measurement of cosmological parameters euclid will image a large fraction of the extragalactic sky at unprecedented resolution and measure spectra for millions of galaxies assessment of a plan for u s participation in euclid evaluates whether a small investment in euclid around 20 million in hardware is a viable part of an overall strategy to pursue the science goals set forth in new worlds new horizons in astronomy and astrophysics a decadal plan for ground and space based astronomy and astrophysics the top ranked large scale space based priority of the new worlds new horizons is the wide field infrared survey telescope wfirst wfirst has a broad wide field near infrared capability that will serve a wide variety of science programs of u s astronomers including exoplanet research near infrared sky surveys a guest observer program and dark energy research in carrying out this study the authoring committee s intent has been to be clear that this report does not alter new worlds new horizon s plans for the implementation of the survey s priorities assessment of a plan for u s participation in euclid concludes that the nasa proposal would represent a valuable first step toward meeting one of the science goals furthering dark energy research of wfirst while wfirst dark energy measurements are expected to be superior to euclid s u s participation in euclid will have clear scientific technical and programmatic benefits to the u s community as wfirst and euclid go forward according to this report the current nasa proposal to invest modestly in euclid is consistent with an expeditious development of wfirst and the achievement of the broader and more ambitious goals outlined in new worlds new horizons knowledge gained from the euclid project could help optimize the science return of the wfirst mission as well such an investment will further the goals of new worlds new horizons be helpful to the preparations
