fashion and tourism have common structures and similarities on many fronts both phenomena and their operations have been through their mass cycles currently seeking alternative ways of expression and development both industries are also important business sectors globally

before alessandro michele took the creative helm at gucci in 2015 the brand was mostly known for its sleek sophistication and sexy hedonism despite having worked at the italian fashion house for over twelve years as the accessories and jewellery designer michele was relatively unknown in the fashion industry and the public sphere all of that was to change when he sent his models down the runway for the 2015 fall winter ready to wear collection in an eclectic mix of pussy bow blouses chiffon dresses wallpaper prints and a motley collection of accessories including fur lined loafers berets and granny style horn rimmed glasses michele s stylistic design approach created an aesthetic reminiscent of the fashion eccentric who wears flea market finds with high end designer and heirloom pieces imperfect nostalgic and maximalist the new gucci woman and man were intellectual and sensual misfits who are perfectly at home in the glamorous rag tag aesthetic of a wes anderson film with his inaugurate collection michele tapped into the zeitgeist that was yearning for a more colourful and playful design and a disregard of traditional gender divisions while gucci has hitherto showcased its men s and

women's collections separately as well as favoured traditional masculine and feminine looks respectively. Michele broke with the idea of a gender binary ushering in gender fluidity and a new fantastical vision of masculinity. Although his collections were spectacular in their scope, the fall/winter 2017 consists of roughly 120 looks. The designs are also a testimony to his ability to scramble signifiers of gender, pop culture, history and time, referencing and borrowing from philosophical concepts and ideas such as the infamous cyborg collection, Gucci fall/winter 2019 that envisioned subjectivities beyond the confines of the human body with replica heads or extra eyes on their hands. The fall/winter 2016 collection titled *Rhizomatic Scores* referencing Deleuze and Guattari's influential concept or the fall/winter 2020 menswear collection titled *Masculine Plural* that referenced Butler's notion of gender performativity. Michele exemplifies a fashion auteur who knows how to play not only with gender signifiers but also with signifiers of time, culture and species.

This collection of original essays interrogates disciplinary boundaries in fashion, gathering fashion studies research across disciplines and from around the globe. Fashion and clothing are part of material and visual culture, cultural memory and heritage; they contribute to shaping the way people see themselves, interact and consume. For each of the volume's eight parts, scholars from across the world and a variety of disciplines offer analytical tools for further research, never neglecting the interconnectedness of disciplines and domains. These original contributions survey specific topics and critically discuss the leading views in their areas. They include discursive and reflective pieces as well as discussions of original empirical work. Contributors include established leaders in the field, rising stars and new voices, including practitioner and industry voices. This is a comprehensive overview of the field, ideal not only for undergraduate and postgraduate fashion studies students but also for researchers and students in communication studies, the humanities, gender and critical race studies, social sciences and fashion design and business.

A limited edition of 2000 copies, *Blind for Love* presents inspirational and backstage photographs by noted British artist Nick Waplington documenting the Gucci Cruise 2017 collection runway show which was held in one of London's most historical landmarks, the cloisters in Westminster Abbey. Gucci creative director Alessandro Michele's ode to the quintessential British culture and aesthetics showcasing iconic English motifs such as garden flowers, King Charles spaniels and Union Jack. The collection juxtaposes punk attitude with classic British stateliness in the best tradition of photo reportage. Waplington captures candid moments behind the scenes, before, during and after the event. The show's soundtrack featured a haunting version of the traditional English ballad *Scarborough Fair* and the lyrics of the song run as a refrain through the book, enhancing the evocative images.

Gucci fashion show is of course if cruise shows are all about transporting the audience. Alessandro Michele deserves the award for the most dazzling spectacle to date in a season thick with powerful imagery. The Gucci creative director chose the Alyscamps, a Roman necropolis in the southern French city of Arles as the setting for his show and took full advantage of the area's epic history with a nighttime display that transcended space and time with a trove of references. Ancient and modern clouds of smoke and rows of church candles bathed the open air space in a gothic ambience enhanced by the haunting soundtrack of Claudio Monteverdi's *Vespers for the Blessed Virgin*.
