bordwell scrutinizes the theories of style launched by various film historians and celebrates a century of cinema the author examines the contributions of many directors and shows how film scholars have explained stylistic continuity and change

this book brings together essays that illustrate the different uses and interpretations of style in archaeology style is a widely discussed and controversial issue which has always been central for archaeological interpretation the collection considers the history of style in archaeology its relationship to the concept of style in art history and how stylistic analyses will differ according to different initial assumptions the essays show how stylistic interpretation works at different levels and they debate stylistic terminologies and concepts although these essays show that there is no unified theory of style they underline the importance of continuing creative discussion through different themes and individual case studies

the idea of publishing an extensive encyclopaedic prosopographical lexicon of byzantine history and civilization eplbhc was conceived in greece where with alexios savvides as founding editor the first volume of the greek eplbhc was prepared and eventually appeared in 1996 six volumes have been published so far the last two v vi in early summer 2006 covering letters alpha beta gamma delta and epsilon but obviously not including c which in greek is divided to a large extent under k kappa and to a lesser extent under khi on the other hand the gamma entries will appear under g in the english edition volumes i to iv of the greek edition 1996 2002 accompanied by a separate bibliographical volume on secondary works reaching the year 1998 2000 have been extensively cited both in lengthy reviews and footnote references thus it was recently decided to continue the project on a much larger scale and to launch it in english in this way opening it to a much wider reading public the greek project will continue as well with each project complementing the other

written for undergraduate students in history this text focuses on the representation of that past in the work of historians the author argues that students need to be aware of the limits placed on historical knowledge by the character of the sources and the working methods of historians intended to explore a number of general propositions about history and historians the book says that history is a subject of practical social relevance and that the proper performance of its function depends on a receptive and discriminating attitude to other disciplines especially the social sciences all historical enquiry whatever the source of its inspiration must be conducted in accordance with the rigorous critical method which is the hallmark of modern academic history the author tries to place these claims in the context of

recent debate among historians
