the resurrection of jesus is at the very root of christian faith without belief in jesus christianity dies in this thought provoking work matthew leveraging defends the credibility of the claim that jesus rose from the dead drawing on the work of n t wright leveraging shows that the historical evidence vindicates this assumption and reveals that the gospels

were backed by eyewitnesses who were living and telling their stories even during the time of the writing of the gospels the author also emphasises the importance of evaluating the old testament to validate jesus resurrection by highlighting the desire both in the ancient world and now to make the resurrection more comprehensible by spiritualizing it leveraging argues that the fact that the disciples themselves did not do this provides a further clue to reliability finally the author addresses the question of why jesus does not continue to show himself in his glorified flesh after his resurrection which is often seen as a strong case for scepticism however he shows that jesus entire mission is predicated upon helping us to avoid cleaving to the present world over god he is leading us to where he is the kingdom of god the beginning of the new creation at the father s right hand by developing these arguments for the historical reality of jesus resurrection this ground breaking study expertly draws together historical and theological reasons for believing that jesus resurrection happened
