cultural anthropology integrates critical thinking explores rich ethnographies and prompts students to skillfully explore and study today s world readers will better understand social structures by examining themselves their culture and cultures from

all over the globe serena nanda and richard l. warms show how the analytical understandings and tools derived from over a century of systematically collecting data and thinking about culture can help students analyze, understand, and act effectively in the world with a practical emphasis on areas such as medicine, forensics, development, and advocacy. This book takes an applied approach to anthropology; the authors cover a broad range of theories, both historical and contemporary, without any insistence on any particular approach and balance it with applied, contemporary, real-world global issues. The new twelfth edition includes a wealth of new examples and over 500 references that update ethnographic examples, statistical information, and theoretical approaches.

Christianity Today 2025 Book Award Finalist, Missions Global Church Outreach 2025 Resource of the Year, Missions and Cross Cultural, Southwestern Journal of Theology 2023 Book Award Honorable Mention, Evangelism, Missions Global Church. Drawing on forty years of teaching and mission experience, leading missiological anthropologist Darrell Whiteman brings a wealth of insight to bear on cross-cultural ministry. After explaining the nature and function of culture and the importance of understanding culture for ministry, Whiteman addresses the most common challenges of ministering across cultures. He then provides practical solutions based on lived experience, helping readers develop healthy patterns so they can communicate the gospel effectively. Issues addressed include negotiating differences in worldview, the problem of nonverbal communication, understanding cultural forms and their meanings, and the challenge of overcoming culture shock. Professors, students, and anyone ministering cross-culturally will benefit from this informed yet accessible guide. Foreword by Miriam Adeney.

For introductory courses in cultural anthropology, this textbook serves as a useful

introduction to cultural anthropology by integrating ethnographic material from around the world by drawing upon classic and recent research in the field this text reflects current state of the art understandings of social and cultural changes based on the interrelationships among different societies it demonstrates the diversity of different societies and cultural patterns yet at the same time reveals similarities in humans everywhere

a revised and updated edition of this unique best selling guide to social and cultural anthropology

how do we define culture in this volume adam muller brings together contributions from established and emerging scholars in a number of different disciplines who each examine the concept of culture as it is understood and deployed within their respective fields

written by one of the most famous modern anthropologists the fifth edition of cultural anthropology continues to focus on the book s two major objectives first it presents a holistic view of sociocultural systems and secondly the book provides a unified theoretical framework for explaining these systems it also remains faithful to the belief that anthropologists must routinely deal with facts and theories that are crucial to informed decisions regarding issues of enduring relevance the cultural approach used throughout furnishes a framework for explaining how the parts of sociocultural systems are interrelated and how they change over time the book also continues in its effort to identify the many causal strands that help explain the process of sociocultural change it tries to make sense of the many seemingly irrational or arbitrary customs and institutions in small technologically simple societies as well as complex nations for anyone interested in the study of culture

successfully integrating attention to culture change gender class race and ethnicity and the environment cultural anthropology in a globalizing world 2 engages students with compelling ethnographic examples and by demonstrating the relevance of anthropology faculty and students praise the book's proven ability to generate class discussion increase faculty student engagement and enhance student learning through clear writing a balanced theoretical approach and engaging examples miller stresses the importance of social inequality and human rights the environment culture change and applied aspects of anthropology rich examples of gender ethnicity race class and age thread through the topical coverage of economic systems the life cycle health kinship social organization politics language religion and expressive culture the last two chapters address how migration is changing world cultures and the importance of local cultural values and needs in shaping international development policies and programs material throughout the book highlights the relevance of anthropology to students and how they can apply in their careers by entwining attention to key theories for understanding culture with an emphasis on relevance of anthropological knowledge and skills this text is the perfect choice for all introductory cultural anthropology courses

this concise introductory cultural anthropology textbook gives special attention to issues of concern to christians and features plentiful maps photos and sidebars

readers of the anthropology of globalization cultural anthropology enters the 21st century will gain a thorough understanding of the world in which we live what it looks like from multiple perspectives how human society has reached its current state and who benefits from and is hurt by modern globalization this single volume work encompasses multiple processes and populations and offers anthropological perspectives that illuminate how our modern world functions suitable for students

scholars and general readers alike the book provides an analytic overview of the historical underpinnings of globalization before it identifies the theoretical currents and ethnographic studies that have led to contemporary approaches to globalization within anthropology this revised edition provides recent examples of how the global to local nexus unfolds all over the world and updates established theory and case studies in a our increasingly global yet also guarded post 9 11 world the book also includes two new chapters on pressing topics exacerbated by globalization international tourism and international crime including drug and human trafficking
