mr wohlberg unveils the new testament teaching of two israel s an israel after the flesh 1 cor 10 18 and the israel of god centered in jesus christ gal 6 14 16 then proves conclusively that armageddon swirls around god s spiritual israel not the middle east

this writing has been inspired from extensive study and exposure of the truth revealed in scripture which conflicts with the popular theologies held broadly in modern churches specifically that held in evangelicalism concerning the nation of israel the content is so critically valuable for an accurate understanding of the treatment of the covenants and their fulfillment as they are set forth in the scriptures the thrust of the book is to prove scripturally that all of god s promises to his old testament people i e israel have been completely fulfilled there is no future kingdom to be established around the nation of israel the concepts of christian zionism originally promoted by the popular scofield reference bible are discovered to be false on many critical points of doctrine as well as prophecy the deceptions must be exposed

to obtain a sound understanding of god s word and refute the subtle and dangerous tenets of christian zionism

does america s pro israel lobby wield inappropriate control over us foreign policy this book has created a storm of controversy by bringing out into the open america s relationship with the israel lobby a loose coalition of individuals and organizations that actively work to shape foreign policy in a way that is profoundly damaging both to the united states and israel itself israel is an important valued american ally yet mearsheimer and walt show that by encouraging unconditional us financial and diplomatic support for israel and promoting the use of its power to remake the middle east the lobby has jeopardized america s and israel s long term security and put other countries including britain at risk

the writer has purposed through the content of the israel deception to provide a clear understanding of the theological issues involved in the zionist phenomenon in the first instance it is necessary to survey the conditional nature of all of god s covenants from a strictly biblical perspective to provide new light on the subject for those who hold to a zionist attitude within the church secondly the secular zionist movement needs to be thoroughly exposed as the deception it presents to the world at large and which deception will capture the unwary and the biblically uninformed this is a must read for every one confessing faith in the christian gospel and it has the potential of reaching many who have never completely embraced the true message of salvation

a comprehensive and balanced volume which juxtaposes the views of statesmen with those of military leaders that fought the war

the next desert war the united states fights could be against an enemy more comparable to us in training motivation and technology than the recent conflict in the persian gulf the middle east is a dangerous part of the world where we have limited experience in the use of high technology weapons or in large scale combat even given the recent war against iraq since we have limited experience in these areas this thesis analyzes two of the most recent historical examples of such combat from the 1967 and 1973 arab israeli wars to reveal conclusions useful to u s war fighters this thesis examines the battle of um katef abu ageila from the 1967 war and the sinai campaign from the 1973 war they were examined primarily from secondary sources using the u s army battlefield operating systems as the framework to evaluate success or failure the resulting keys to success or reasons for failure were then further evaluated against the four tenets of u s airland battle doctrine agility initiative depth and synchronization the result of this investigation is a number of conclusions regarding modern combined arms combat these conclusions are categorized as strengths or weaknesses and presented as lessons learned surprisingly enough none of the lessons learned proved to be environment specific

exposes one of the most well protected political military secrets of the cold war

in 1967 the israeli defense forces defeated the combined armies of egypt jordan and syria in a mere six days this remarkable military accomplishment would however have the ultimate effect of creating an albatross around the neck of the israeli army as israelis would now expect

the next conventional war with the arabs to achieve similar results a quick decisive victory with relatively few casualties although egyptian forces were militarily inferior to those of israel president anwar sadat developed a successful limited war strategy designed to exploit this unrealistic expectation rather than aiming to achieve a military victory or to seize strategic terrain sadat merely sought to break a diplomatic stalemate with a major military operation designed to soften israeli intransigence toward negotiations and to force a change in u s foreign policy toward the arab israeli conflict in support of these political aims the egyptian armed forces set out to discredit the israeli army s prowess by inflicting heavy casualties in a limited war sadat s success in regaining the entire sinai without another armed struggle holds an important lesson for the united states after its dramatic victory in desert storm american armed forces feel compelled to win the next conventional war quickly decisively and with relatively few casualties much like the challenge that faced israel after the 1967 war

annotation this book examines how the question of physical security has constituted the most fundamental concern of israel since the country came into being in 1948 the author s immediate purpose is to provide the reader with the necessary background to understand why israel has proved reluctant to agree to the numerous peace plans and processes proposed over the years demonstrating that at least from the predominant israeli perspective each of these plans posed unacceptable risks to israel s security sicker shows that there has been a remarkable consistency in actual security policy throughout israel s history regardless of which party was in power
