it is evident that published serious science based work in forensic linguistics is predominantly written in english and focuses on casework from the english speaking world while the first aspect is understandable given that english serves as an international lingua franca in scientific discourse the second aspect presents a significant limitation for the field should researchers assume that there is simply less crime in non english speaking areas of the world a more pertinent question might be what cultural disciplinary legal or legal cultural factors contribute to the lack of research in and on languages other than english in addition to addressing the underrepresentation of romance languages in scientific publications related to forensic work the chapters in this handbook will also explore the reasons behind this unfortunate situation designed to engage readers whether they are linguists legal professionals or simply interested individuals and to spark interest in romance forensic linguistics this handbook follows three key objectives first we are

committed to providing a comprehensive overview of the casework and research conducted in and on several romance languages including peninsular spanish catalan brazilian portuguese french canadian french italian and romanian second the chapters in this volume seek to understand why forensic linguistics has thrived more in some romance speaking countries than in others finally we aim to uncover the reasons for the slower development of forensic linguistics in regions where romance languages are predominantly spoken

this manual is the first comprehensive account of brazilian portuguese linguistics written in english offering not only linguists but also historians and social scientists new insights gained from the intensive research carried out over the last decades on the linguistic reality of this vast territory in the 20 overview chapters internationally renowned experts give detailed yet concise information on a wide range of language internal as well as external synchronic and diachronic topics most of this information is the fruit of large scale language documentation and description projects such as the project on the linguistic norm of educated speakers nunc the project grammar of spoken portuguese and the project towards a history of brazilian portuguese phpb among others further chapters of high contemporary interest and relevance include the study of linguistic policies and psycholinguistics the manual offers theoretical insights of general interest not least since many chapters present the linguistic data in the light of a combination of formal functional generative and sociolinguistic approaches this rather unique feature of the volume is achieved by the double authorship of some of the relevant chapters thus bringing together and synthesizing different perspectives
