according to figures published by the association of british insurers the insurance industry detected 125 000 dishonest claims valued at 1.3 billion in 2016 with similar amounts of fraud going undetected each year it is unsurprising that insurers invest around 200 million to combat it personal injury surveillance is a unique guide providing an insight into the hitherto undisclosed methodologies of personal injury surveillance and the systemic use of an unregulated profession to investigate accident victims surveillance is one of many tools used

by the uk insurance industry to investigate the veracity of a personal injury claim others include statistical analysis of claims data and complex algorithms with key fraud indicators enabling insurers to get upstream of the issue and in some cases actually predict fraud before it occurs however there is nothing more compelling than surveillance evidence which is why it remains a fundamental element of the claims management process significant investment in fraud awareness training coupled with new legislation and a more collaborative approach has provided the insurance industry with teeth and it isn't afraid to use them this guide will provide honest claimants their legal representatives and insurers with an enlightening and in parts amusing insight into the world of personal injury surveillance it will also prove sobering for anyone contemplating the submission of a fraudulent personal injury claim with intent to defraud an insurer

architects and fiction writers share the same ambition to imagine new worlds into being every architectural proposition is a kind of fiction before it becomes a built fact likewise every written fiction relies on the construction of a context in which a story can take place this collection of essays explores what happens when fiction experimental writing and criticism are combined and applied to architectural projects and problems it begins with ficto criticism an experimental and often feminist mode of writing which fuses the forms and genres of essay critique and story and extends it into the domain of architecture challenging assumptions about our contemporary social and political realities and placing architecture in contact with such disciplines as cultural studies literary theory and ethnography these sixteen newly written pieces have been selected for this volume to show how ficto critical writing can be a powerful vehicle for creative architectural practice providing new opportunities to explore modes of writing about architecture both within and beyond the discipline the collection represents a broad range of geographical and cultural positions including indigenous and non western contexts and includes a foreword and afterword by important thinkers in the domains of architectural criticism jane rendell and cultural studies ethnography stephen muecke

at a time when much in uk policing is the subject of intense public and media scrutiny there prevails a practitioner discourse about policing ethically that is ongoing formally in police ethics committee discussions and probably informally in station offices canteens classrooms and police vehicles since january 2024 these conversations have added emphasis with the publication of the college of policing s revised code of ethics with which policing practitioners in england and wales are coming to grips this book explores thinking about policing ethically for those who have to use and implement the ideas to those who when law and policy is silent on the matter before them nevertheless have to make a justifiable decision and act upon it applicable to policing generally not just to the uk part 1 of this book presents conceptual contextualization for thinking about policing ethically following which part 2 considers practical implications of policing ethically some of the key topics that the book covers are as follows discussions of managing power and vulnerability implementing frontline ethics in practice the process of making ethically informed decisions considerations around ethics and the use of artificial intelligence by policing practitioners prerequisites to ethical leadership considering public interest in relation to policing ethically risk management as a moral obligation drawing

upon the policing practitioner and policymaking experience of the authors this book will be of interest and use to all those involved in delivering policing constables of all ranks student probationary and experienced policing community support officers professional support staff policing ethics committee members and policymakers the book is also a contribution to the wider academic literature on policing and ethics and will be of interest not only to policing ethicists and ethnographers but also to students and policymakers in the fields of criminology sociology and governance
