in addition to the approaches and methods covered in the first edition this edition includes new chapters such as whole language multiple intelligences neurolinguistic programming competency based language teaching co operative language learning content based instruction task based language teaching and the post methods era

what english teachers need to know a set of companion texts designed for pre service teachers and teachers new to the field of elt addresses the key question what do english language teachers need to know and be able to do in order for their students to learn english these texts work for teachers across different contexts countries where english is the dominant language one of the official languages or taught as a foreign language different levels elementary primary secondary college or university or adult education and different learning purposes general english workplace english english for academic purposes or english for specific purposes volume i on understanding learning provides the background information that teachers need to know and be able to use in their classroom volume ii on facilitating learning covers the three main facets of teaching planning instructing and assessing volume iii on designing curriculum covers the contexts for processes in and types of elt curricula linguistic based content based learner centered and learning centered throughout the three volumes the focus is on outcomes that is student learning features situated in current research in the field of english language teaching and other disciplines that inform it sample data including classroom vignettes three kinds of activities tasks reflect explore and expand

there is no denying the fact that the elt world has changed drastically from the teacher oriented to a more learner oriented one unfortunately india is too slow to this change barring a few educational institutions we continue to carry on

with the old and outdated methods and materials english is still taught here as a content subject rather than a language subject no doubt the shift is not easy to achieve in fact it is not as much a change in materials as a change in the total outlook and behaviour it implies looking at language from a whole new perspective it is against this backdrop that the present book has been written it aims at providing an insight into existing language teaching in india it discusses at length all the issues related to the indian curriculum problems that are likely to be faced by teachers students and curriculum framers in adopting this method are discussed thread bare and proper solutions provided it is hoped that the book will be of great help to researchers scholars and syllabus framers besides being a reference book for students of english language and linguistics

course planning and development in the context of current theories of language learning

this thoroughly revised and updated volume offers comprehensive coverage of the major and subsidiary fields of linguistic study
