Counseling and Student Services, Greensboro, NC. David P. Gushee Michael D. Murray

the algebra conspiracy is an irreverent radical politically incorrect passionate challenge to the increasingly popular program of the educational establishment which requires every student to take two to four years of college preparatory mathematics to earn a high school diploma these well meaning but misguided people are placing every secondary school student into algebra geometry and trigonometry classes that they may not want that they may not need to fulfill requirements for future employment or that they may not be academically equipped to handle this means for instance that a youngster who has trouble adding common fractions computing with percents or even making change on a ten dollar purchase will nevertheless be required to pass algebra and geometry in many school districts this is already creating an academic nightmare as more and more math teachers are faced with the hobson s choice of either failing many of their students who simply cannot handle algebra and geometry or handing out numerous gift d s or severely watering down the college prep mathematics curriculum so more students can pass the classes the author takes the controversial view that the age of technology notwithstanding a large percentage of today s secondary school youngsters could if allowed live their entire adult working lives very comfortably without ever being forced to set foot in algebra and geometry classrooms there are many other classes that these youngsters should be taking such as cultural or practical arts electives instead of wasting their time in college prep math classes

updated edition of best seller testing students with disabilities is firmly grounded in the cutting edge research the authors have conducted for nearly three decades they have done a brilliant job of treating a very complex topic in a most readable logical and understandable way donald deshler professor of special educationuniversity of kansas testing students with disabilities is a must buy for individuals involved in the education of students with disabilities whether they are currently acting as or studying to be service providers my hat is off to the authors for breaking down this critical information in a way that is understandable and easy to share sue gamm chief specialized services officerchicago public schools this is a seminal work on the how to of testing assessment and accountability for students with disabilities not only do the authors help bring this most important topic into clarity but they also share practical ways to implement their suggestions immediately by providing the tools to get started alice d parker assistant superintendent of public instructioncalifornia

department of education the definitive resource on everything you need to know and do about assessing special needs students now expanded and improved an increased focus on educational accountability and testing coupled with mandates put forth in the elementary and secondary education act esea and the individuals with disabilities education act idea make it crucial that every district and school professional is well versed in meeting the assessment requirements for all students the enhanced second edition of testing students with disabilities covers everything from maximizing the individualized education program iep and fostering successful collaboration among educators administrators and parents to optimizing assessment accommodations and using test scores to improve instruction other new and expanded topics include requirements of idea and esea students with disabilities who are english language learners electronic and online testing alternate assessments use of assessment results access to the general curriculum the timely update of this popular guide offers the specific tactics concrete examples and user friendly information necessary to effectively and meaningfully include students with disabilities in district and state assessment systems it features an array of indispensable tools such as reproducible forms checklists handouts and overheads a comprehensive list of national and regional technical assistance and dissemination networks and techniques for conducting staff development

in smart kids bad schools award winning author and educator brian crosby draws on his twenty years as a high school english teacher to offer a candid appraisal of why our schools are failing and what we must do to save them crosby's no holds barred critique of the broken education system leaves no stone unturned he is unapologetic and uncompromising in his exposé of how teachers administrators unions and parents all play a part in this national tragedy crosby offers 38 ideas to save america's future and his proposed remedies are revolutionary he recommends bold measures such as lengthening the school day and school year forcing parents to volunteer at schools abolishing homework outlawing teachers unions and cutting special education funding the result is a book that is likely to inflame passions on all sides of the political spectrum and in the process introduce new ideas to a debate that is in dire need of them

there are no more capable people to advise school districts on improving academic performance of children with disabilities than judy elliott and martha thurlow this book is the definitive resource for all who are struggling to meet the challenges put forth first by idea 97

and now by nclb simply put this is a must have resource elliot and thurlow have combined the most recent research with practical recommendations that go beyond improving test performance to provide the basis upon which real educational equity can be achieved for students with disabilities thomas hehir professor harvard graduate school of education former director office of special education programs u s dept of education maximize the academic performance of every student every day students with disabilities must overcome unique obstacles in order to learn and the pressure of testing often exacerbates existing challenges with increased focus on accountability for all how can educators properly prepare students for tests without sacrificing meaningful learning in improving test performance of students with disabilities on district and state assessments second edition authors elliot and thurlow offer numerous strategies for improving instruction student accommodations and test preparation all with the goal of improving the test performance of students with disabilities emphasizing practical application this comprehensive resource delineates the key elements district school and state professionals must consider in order to maximize the academic performance of students with disabilities the second edition of this insightful text addresses the impact of the no child left behind act on instruction and assessment practices for students with disabilities including those who are also english language learners featuring inserts and easy to follow worksheets tables and appendices this indispensable resource will enable all educators to help students with disabilities learn more effectively and show what they know on the day of the test improving test performance of students with disabilities second edition includes practical steps for linking district and or state standards with student iep goals helpful tips enabling instructors to determine the best ways to accommodate their students during instruction and on tests detailed instructions for improving performance on general and alternate assessments tables and worksheets to engage both instructors and learners

the collection of papers presented in this monograph provides an update on developments in assessment for counselors practitioners and researchers in all types of educational settings the papers are grouped into five sections section 1 on emerging issues includes topics on testing theories presently used and some thoughts for the future section 2 concerns issues of counselor education in higher education section 3 discusses educational assessment in elementary and secondary schools and the role of the counselor in school guidance section 4 considers testing modifications and accommodations that are in practice with the special
