with seven of its justices appointed by republican presidents today s supreme court has significantly altered america s legal landscape since 1986 by tilting constitutional jurisprudence to the right that was the goal of presidents reagan and bush in filling court vacancies and has been felt in cases related to federalism economic rights and affirmative action however liberal issues such as abortion have moved only marginally to the right while rulings by the court on school prayer and gay rights have moved constitutional doctrine slightly to the left in this collection of original articles prominent constitutional scholars are joined by new voices from the cutting edge of academia to subject the rehnquist court to closer scrutiny and to show that its brand of conservatism is less extreme than many have supposed reflecting views across the political spectrum the contributors help readers understand the court dynamic its constrained conservatism and the forces that shape constitutional law in general as these authors show the overall pattern of decision making in the rehnquist era cannot be attributed to any single unified approach to constitutional analysis instead today s court can only be understood as the product of a complex interaction among individual justices each with an idiosyncratic view of the proper interpretation of the constitution and the role of the court in the american political system these provocative essays are designed to provide readers with insight into this interaction by focusing on each member of the bench from the staunch conservatism of clarence thomas to the accommodationism of sandra day o connor to the liberal constitutionalism of david souter the essays analyze the unique approach of each justice to interpreting the constitution they also show that the current justices are the product of a nomination and confirmation process that has undergone a major transformation in recent decades one which favors experienced often unknown jurists over high profile public servants by concentrating attention on its members rehnquist justice allows us to better understand the supreme court as a whole and by assessing today s judiciary in light of a public philosophy that looks askance at government it shows us that the supreme court has truly become a mirror of its times

providing a foundation in obstetrics and paediatric nursing this text outlines the skills and techniques essential for clinical practice

offers coverage of wartime extra legal courts focusing on those periods when the constitution and civil liberties have been most severely tested by threats to national security fisher critiques tribunals called during the presidencies of washington madison jackson lincoln andrew johnson wilson franklin roosevelt and truman

for more than two centuries the u s supreme court has provided a battleground for nearly every controversial issue in our nations history this veteran team of talented historians produces the most readable astute and up to date single volume history of this venerated institution

in the late 1960s an amish community considered state education detrimental to its own values when the state claimed truancy and took jonas yoder to court a legal battle of landmark proportions followed this volume is a complete and compelling account of the yoder case

esteemed legal scholar louis fisher chronicles the capture trial and punishment of eight german spies caught on american soil in 1942 and analyzes the use of military tribunals in this case to shield the government s chief investigators and sentencing decisions 6 of the 8 died in the electric chair from public scrutiny and possible criticism
