this book owes its existence to an ideal a burning frustration and a trusted believer the ideal was the sense that governed my feelings about systematic desensitization during my early introduction to its benefits it is hard to

put into words the initial doubts that pervaded me during my first attempt with desensitization with a seriously phobic client as i religiously worked my way through the procedure will this client really become relaxed and then what will the visualization actually occur and then what will the fear really vanish just like that and oh the feeling of discovery and validation when indeed the process worked and worked well desensitization was everything it was claimed to be systematic clean theoretically grounded empirically tested applicable as a behavioral technology regardless of one s own theoretical bias and there were testable outcomes concrete evidence for change so i became invested and aimed at doing more with desensitization my students and i raised some theoretical questions in order to open the doors for revising the desensitization to improve on its applications we tested the rapidity with which desensitization could be accomplished shortening the time by shortening the anxiety hierarchy along with others we studied the question of group delivery and reducing the total number of sessions as well as examining the use of audiotaped delivery of services

representing the most exhaustive literature survey of the intelligence test performance of american negroes yet attempted this book covers over 300 references that appeared between 1913 and 1957
