this title is published in open access with the support of the university of helsinki library the book surveys and analyzes changes in religious groups and identities in late antique arabia ca 300 700 ce it engages with contemporary and material evidence for example inscriptions archaeological remains arabic poetry the qurʾān and the so called constitution of medina also it suggests ways to deal with the later arabic historiographical and other literary texts the issue of social identities and their processes are central to the study for instance how did arabian ethnic and religious identities intersect on the eve of islam the book suggests that the changes in social groups were more piecemeal than previously thought

divthe first in depth examination of the theatrical achievements of this acclaimed playwright div

a comprehensive and essential introductory textbook on the new testament by an eminent professor in the field

the chapters in this volume allow readers to develop a broad understanding of the issues around language variation and to recognise pedagogical implications of this work in multilingual contexts the authors explore how variations in englishes around the world relate to issues in english language teaching and learning the english language has always existed alongside other languages however the last 200 years have shown a dramatic increase in the range extent and context of contact between english and other languages as a result of this contact we find marked variations in englishes around the world the first part includes chapters of importance in studying english language variation in the context of education the second part builds on an understanding of variation and identifies pedagogical possibilities that respect language variation and yet empower english language learners in diverse contexts

it might reasonably be asked what the connection is between francoises malapropisms in proust and the erudite allusions of stephens interior monologue in joyce tribout joseph argues that they are indeed interrelated proust and joyce are exemplary of modernisms reconciliation of high literature with popular voices both writers explore the process of incorporation the interface

between speech and narrative fragments of discourse are taken from diverse sources and reoriented within new contexts proposed here are interconnected close readings of socio political debate body talk listening processes silences intertextual echoes cliché register conflated voices chatter gossip eavesdropping internalized debate and misunderstandings which allow for a new configuration of the authors to emerge

language in literature examines the overlap and blurring boundaries of english comparative and world poetry and literature questions of language literature translation and creative writing are addressed as befitting an author who is a poet literary scholar and historian the book begins with metaphor which aristotle thought in poetics was the key gift of the poet and discusses it in theory and practice it moves from the identity of metaphor to identity in translation and culture it examines poetry in a comparative and world context it looks at image and text it explores literature and culture in the cold war it explores the role of the poet and scholar in translating poetry east and west it places creative writing in theory and practice in context east and west it concludes by summing up and suggesting implications of creation in language translating and interpreting and its expression in literature especially in poetry

featuring internationally renowned academics this volume provides a snapshot of the field of applied linguistics and illustrates how linguistics is engaging with the idea of context the book treats discourse as language in the contexts of its use in and above the level of the sentence and as systems of knowledge and beliefs in using the term context s the book understands this as different situations in which discourse is produced and on the other how analysts construe context in their work the volume is thus concerned with language in its context of use little d discourse but at the same time more specifically in individual chapters with particular discourses as they are manifested in particular contexts big d discourses well known discourse analysts contribute chapters focussing on different contexts with which they are familiar viz business education ethnicity and race gender and sexuality history intercultural contexts lingua franca contexts media place politics race and the virtual world it brings together researchers from different approaches but all with a commitment to the study of language in context the contributors themselves represent different approaches to discourse analysis conversation analysis corpus linguistics critical discourse analysis ethnographic discourse analysis mediated discourse analysis multimodal discourse analysis systemic functional linguistics readers are invited to compare and contrast these different contexts and approaches

hargrove argues that political leadership must contain a moral element if it is to be fully effective he suggests a model with which to analyze compare and evaluate political leaders and then assesses the presidencies of franklin roosevelt lyndon johnson and ronald reagan according to the model s normative implications jacket

here is a comprehensive introduction to language disorders in children one whose two fold developmental contextual perspective acknowledges that children s language learning systems include not only their skills knowledge and biological abilities but also their language background family settings and the context in which they are attempting to learn language the text s primary focus is on perspectives from normal development and the bulk of the coverage is devoted to examination of expectations for early infant through toddler middle preschool through early elementary and later middle elementary through adolescent stages of learning language these developmentally geared divisions are then used to guide discussions of language assessment and intervention for children who are not learning language normally yet who have characteristics in common with their peers who are
