this state of the art introduction to contemporary african politics has been carefully designed to provide not only thorough coverage of the full range of core topics but also an awareness and understanding of key theoretical issues and controversies drawing on their extensive teaching and fieldwork experience pierre englebert and kevin dunn offer a straightforward accessible style making even complex ideas easy to understand a balanced approach exposing multiple perspectives on contested issues a focus on both states and citizens politics from above and below discussions of existing policies as well as policy implications of different approaches an abundance of rich data and illustrative examples the authors also highlight the contributions of african experiences to broader knowledge in the areas of comparative politics and international relations their book will serve both as an essential text and as a long term resource for students and scholars alike

baglione speaks cogently to our current generation of college students who came of age amidst resurgent racism and an unprecedented pandemic audie klotz syracuse university it

s time for a new approach to help students engage more fully with comparative politics by elevating all the components of identity as core elements of any political system Lisa Baglione's understanding comparative politics helps students better appreciate the lived realities of people around the world the book puts issues of race gender ethnicity and religion in context encouraging students to think critically about world regions and individual countries through the lens of current issues like social justice movements and the covid 19 pandemic throughout the book Baglione empowers students to be active learners in this sometimes daunting subject by engaging them in important questions grounding them in foundational concepts like geography and helping them make personal connections this title is accompanied by a complete teaching and learning package learning platform courseware sage vantage is an intuitive learning platform that integrates quality sage textbook content with assignable multimedia activities and auto graded assessments to drive student engagement and ensure accountability unparalleled in its ease of use and built for dynamic teaching and learning vantage offers customizable lms integration and best in class support it's a learning platform you and your students will actually love assignable video with assessment assignable video available in sage vantage is tied to learning objectives and curated exclusively for this text to bring concepts to life lms cartridge import this title's instructor resources into your school's learning management system lms and save time don't use an lms you can still access all of the same online resources for this title via the password protected instructor resource site

an introduction to african history and politics since decolonization emphasising the political economic and socio economic diversity of the continent

looking at protests from senegal to kenya lisa mueller shows how cross class coalitions fuel contemporary african protests across the continent

most african states experienced only a few fleeting years of democratic rule after independence before succumbing to authoritarianism during the 1970s and 1980s africans and westerners alike came to view dictatorship to be as much a part of the region's social landscape as its grinding poverty yet the end of the cold war and the sharpening of the economic crisis at the end of the 1980s have breathed new life into campaigns for democracy in africa shaking the foundations of many long standing autocracies in some cases dramatic transitions took place though the fate of the new democracies is far from certain this volume explores the origins and evolution of political reform movements in several states of francophone africa the authors first make the case for the distinctiveness of francophone africa based on the influences of colonial history language and france's contemporary role in africa then survey the challenges of reform including the problems of transition from authoritarianism and consolidation of democratic regimes case studies of thirteen former french and belgian colonies follow organized by level of reform achieved peaceful regime change incremental reforms repressed reform efforts and reform in the midst of war

this new handbook examines the issues challenges and debates surrounding the problem of security in africa africa is home to most of the world's current conflicts and security is a

key issue however african security can only be understood by employing different levels of analysis the individual human security the state national state security and the region regional international security each of these levels provides analytical tools for understanding what could be called the african security predicament and these debates are animated by the new security issues immigration small arms transfers gangs and domestic crime hiv aids transnational crime poverty and environmental degradation african security therefore not only presents concrete challenges for international security but provides a real world context for challenging conventional conceptions of security drawing together contributions from a wide range of key thinkers in the field the routledge handbook of african security engages with these debates and is organized into four parts part i the african security predicament in the twenty first century part ii understanding conflict in africa part iii regionalism and africa part iv external influences this handbook will be of great interest to students of african politics human security global security war and conflict studies peacebuilding and ir in general

a one volume library of essential and comprehensive data on all the countries of sub saharan africa including essays on regional issues statistical surveys and directories of invaluable contact names and addresses

based on selected papers presented at the international conference on indigenous political structures and governance in africa held in the university of nigeria in 2001 drawing from the works of leading scholars of the subject this volume explores the interaction between indigenous socio political structures and african state politics focusing on the imaginative response of indigenous structures to the expansion of political space in the 20th century it analyses the implications of these grassroots institutions for modern state formation

a comprehensive state of the art introduction to contemporary african politics

in this innovative work michael g schatzberg reads metaphors found in the popular press as indicators of the way africans come to understand their political universe examining daily newspapers popular literature and political and church documents he finds that widespread and deeply ingrained views of government and its relationship to its citizenry may be understood as a projection of the metaphor of an idealized extended family onto the formal political sphere

forty one different african states have adopted over fifty seven new constitutions since 1989 yet few of these have become foundations for democracy failed transitions subsequent instability and violent conflict make it clear that democracy cannot simply be constructed by holding elections and implementing new constitutions unlike other attempts to explain both the frequent failures and the success stories of african constitutionalism by focusing on constitutional outcomes wing s study examines the process by which constitutions and democratic institutions are constructed based on extensive field work in mali this book explores how innovative constitutional dialogues involving participation negotiation and recognition of groups previously excluded from political decision making may be the key to a legitimate constitution winner of the 2009

best book award from the african politics conference group

a definitive one volume guide to all sub saharan african countries providing invaluable economic and directory data

why did the democratic experiment launched in the republic of congo in 1991 fail so dramatically in 1997 why has it not been seriously resumed since then this book provides an analysis of more than fifteen years of congolese politics it explores a series of logical hypotheses regarding why democracy failed to take root in congo

suheir abu oksa daoud examines the various factors that have created this culture of political oppression she relies on both feminist theory and theories of colonial domination as well as conclusions drawn from personal interviews with female activists utilizing arabic english and hebrew sources she also makes careful distinctions between the lives and experiences of christian muslim bedouin and druze women
