the book is about the pretribulational rapture theory the book is written by a person that at one time believed the pretribulational rapture theory the author noticed scriptural problems with the pretribulational rapture theory as time went by the author presents a biblical view of the rapture by presenting the scriptures on the subject at the end of each chapter the author asks questions about the scriptures presented in particular the author asks questions about the scriptures that caused him to reject the pretribulational rapture theory at the end of each chapter there are pages for notes the reader can write his answers to the questions the questions are designed to make the reader think about the scriptural basis for his views this is why the title of the book is rapture reality check

beer and hariman provide a coherent set of essays that trace and challenge the tradition of realism which has dominated the thinking of academics and practitioners alike these timely essays set out a systematic investigation of the major realist writers of the post war era the foundational concepts of international politics and representative case studies of political discourse

is virtual reality a biblical reality as virtual reality becomes increasingly prominent throughout society churches must assess how to respond thoughtfully and biblically in virtual reality church theologians darrell bock and jonathan armstrong present a systematic reflection on how to faithfully apply virtual reality for ministry purposes they examine the risks like compromising the meaning of tangible worship and opportunities like safely reaching persecuted churches of integrating revolutionary technologies into the christian life learn to think critically theologically and pastorally about new technologies so that you can faithfully advance the gospel into the future

informed by world systems analysis this book examines the shifting patterns of accommodation and resistance to the offshore world with a particular focus on mauritius as a critical but underappreciated offshore node mediating foreign investment into india and africa drawing on a large pool of financial data and elite interviews the authors present the first detailed comparative study of the mauritius india and mauritius africa offshore relationships these relationships serve as indicative test cases of the contemporary global tax reform agenda and its promise to rein in offshore finance whereas india s economic power and multilateral track record have enabled it to actively shape this agenda and implement it in a robust manner most african countries have found themselves either unable to meet its stringent criteria or unwilling to do so out of fear that it might discourage investment its impact on offshore financial centers has likewise been limited a few of the least sophisticated ones appear to have fallen by the wayside but the rest have either remained largely unaffected or like mauritius succeeded in consolidating their operations and surviving the current round of regulatory headwinds the findings suggest that the contemporary global tax reform agenda has thus far not only failed to make good on its promise but also actually reinforced numerous existing power hierarchies the uneven offshore world is written in an accessible style and aimed at readers without specialized knowledge of tax issues

to help students expand their fluency world pass focuses on dynamic vocabulary building essential grammar and stimulating listening speaking reading and writing activities that emphasize the language they need for real world communication

this argues that most people learn about politics from information imparted by mass media and that our opinions are shaped by the sources of that information the authors also contend that political reality is transformed or mediated into fantasy and reality disappears

leaders want to stay in power their self interest is the decisive motivation for action in the international arena and forms the theoretical backbone for this exciting departure from other introductory international relations texts through its discussion and development of the strategic perspective principles of international politics shows students how leaders translate their personal interests and ambitions into actions of the state and convincingly demonstrates how international and domestic politics are inextricably linked clearly explaining both the foundational ideas of international relations as well as the key concepts of the strategic perspective bueno de mesquita effectively links these to the analytic tools students will employ throughout

the contributors to this volume offer a comprehensive theoretical critique of the closed and introspective approaches which both define and determine contemporary Australian defence and security policy they critically assess the basic assumptions of mainstream security thinking challenging existing orthodoxies and means of framing reality the authors call on policy makers academics and others working on defence and security issues to think more critically and theoretically to begin to ask some of the difficult questions that are being raised in other disciplines and finally to recognise and accept the contested and problematic nature of many of the concepts that they advance as if they were self evident discourses of danger is a timely and provocative book which complements and advances the work of the secure Australia project and other critics of the Australian security mainstream back cover
