the future sustainable economic development and well being of citizens in south east europe

depend on greater economic competitiveness reinforcing the region's economic potential in a post covid 19 context requires a holistic inclusive and growth oriented approach to policy making

the routledge handbook of differentiation in the european union offers an essential collection of groundbreaking chapters reflecting on the causes and consequences of this complex phenomenon with contributions from key experts in this subfield of european studies it will become a key volume used for those interested in learning the nuts and bolts of differentiation as a mechanism of dis integration in the european union especially in the light of brexit organised around five key themes it offers an authoritative encyclopaedia of differentiation and addresses questions such as how can one define differentiation in the european union in the light of the most recent events does differentiation create more challenges or opportunities for the european union is europe moving away from an ever closer union and heading towards an ever more differentiated union especially as leading political figures across europe favour the use of differentiation to reconcile divergences between member states this handbook is essential reading and an authoritative reference for scholars students researchers and practitioners involved in and actively concerned about research in the study of european integration as european differentiation is multifaceted and involves a wide range of actors and policies it will be of further interest to those working on countries and or in policy areas where differentiation is an increasingly relevant feature the introduction and chapters 13 21 30 and 35 of this book is available for free in pdf format as open access from the individual product page at routledge com it has been made available under a creative commons attribution non commercial no derivatives 4 0 license

this recasting of modern european history offers new insights into the visegrad group's significant role in changing political mind sets and refashioning the continent rich fawn has written the first book length account of the visegrad group of states which consists of the czech republic the slovak republic poland and hungary named after hungary's visegrád castle the group's significance includes changing international perceptions of central europe since the fall of communism and securing membership in nato and the european community it plays an ongoing role today in regional solidarity and politics within the european union and nato

castle on a hill is built on years of uniquely obtained oral and written sources and on the author's sustained engagement in this region. Fawn examines Visegrad's origins and major accomplishments and what makes it a unique regional organization in addition to its positive contributions. Fawn identifies Visegrad's weaknesses, oversteps and missteps including its controversial propulsion to international fame for successfully derailing the European Union's plans to resettle non-Europeans during the 2015 migrant crisis. This book also offers insights for the wider study of the phenomenon of regionalism in international relations. Castle on a Hill shows how the Visegrad group has changed Central Europe largely for the better and it will appeal to scholars and policymakers interested in international politics, European history and the study of regions and regionalism in international relations.

Hungary, once the poster child of liberal democracy, is fast becoming an autocracy under Viktor Orbán. After winning an absolute majority in 2010, Orbán launched a series of reforms fundamentally undermining the country's twenty-year post-cold-war liberal consensus. For supporters and foes alike, the rise and fall of Hungary's prime minister is a vivid example of how democracy can be subverted from within. Zsuzsanna Szélényi, a leading member of Orbán's Fidesz, in its early years has witnessed first-hand the party's shift from liberalism to populist nationalism, offering an insider's account of Fidesz's evolution since its creation. She explains how the party rose to leadership of the country under Orbán and made sweeping legal, political and economic changes to solidify its grip on power, from reining in the public media to slashing the number of parliamentary seats. She answers a key question: why has Orbán been so successful, winning widespread support within Hungary and wielding considerable influence in European politics? And how can Hungary's opposition party, together with the one she co-founded in 2014, work to turn the country around? Underpinned by Szélényi's own experiences at the heart of Hungarian politics, *Tainted Democracy* offers accessible, nuanced insights into the global rise of populist autocracy and how it can be challenged.

This book explores how 21st-century media-based discourses on migrants, refugees and displaced people both reinforce and reconfigure existing negative stereotypes about these groups. As other, it is particularly pertinent considering the increasingly polarized world context and the evolving communication ecosystem with new media as privileged platforms for

exclusionary narratives toward the outgroups of migrants refugees and displaced people the book s contributions encompass various methodologies and disciplines within communication studies including qualitative analyses of media representations and quantitative research on public opinion unlike much of the existing english language scholarship on these marginalized communities this book de centers north america and the uk to offer a global perspective focusing on regions such as continental and eastern europe the middle east and persian gulf india china turkey russia and scandinavia

russia eurasia and eastern europe remain an important hub for migration with significant implications for both the societies in the region and migrants themselves migration can affect illiberal practices by contributing to political polarization the adoption of restrictive immigration policies the spread of xenophobia and discrimination and economic competition global migration and illiberalism in russia eurasia and eastern europe analyses how illiberal states manage migration to absorb resistance and how migration impacts the illiberal political agenda with this dual perspective the contributions provide an understanding of how migration becomes a pivotal factor in shaping political discourse policies and governance practices within the context of illiberal states through an interdisciplinary approach the studies on russia central asia kazakhstan kyrgyzstan hungary poland belarus and ukraine show how illiberalism shapes influences and enables states to take advantage of migration to secure and advance political goals simultaneously migration processes can challenge authoritarianism and illiberal political goals by fostering diversity networking democracy promotion and political empowerment finally the volume aims to make the conceptualization of illiberalism more relevant for the study of political and administrative practices and ways of thinking in this region political decisions are made in structures which are not only shaped by domestic considerations but are also deeply entwined with the globalized markets and the shadow economy that transcend national borders economically and culturally furthermore the examination of illiberalism vis à vis migration in russia eurasia and eastern europe illustrates the global socio political tendencies in many other parts of the world
