how does one of the world s biggest enterprise resource planning erp suppliers develop software how do oracle sap microsoft and co really work christine grimm presents a first hand account of a social researcher who entered the software laboratory of one of the biggest erp providers presenting an in depth ethnography on how people act within such

labs she reveals the highly unexpected social character of programming and shows how the vendor reorganizes himself to find new ways to respond to the expectations of the market furthermore the author highlights the informal practices when an erp system as a defective or incomplete product re enters the supplier s labs the book provides a window into what happens if bugs are dug up and emotions on both the supplier and customer sides are running high

social welfare is riddled with ingrained problems that have already defeated all standard approaches and reform calls for counterintuitive action digital social innovation dsi is primarily about promoting grassroots initiatives to address localized societal problems and is not normally talked about in relation to welfare reform but perhaps social innovation initiatives with their localized and case based approach could help to solve the enormous structural problems faced by our welfare democracies today this book addresses the potential and implications of dsi for the reform of the european welfare state the 14 papers collected here focus on key issues such as the nature of social innovation and its effects scaling up to address structural problems and make systemic change new social risks and challenges the role of digital thinking and emerging technologies public governance approaches tolerance of institutions integrating innovation in the welfare system and the empowerment of marginalized citizens these topics are examined from an integrated and multi disciplinary perspective taking into consideration not only current eu debate on policy trends for social protection but also the nature of digital transformation and its effects on social change the book also highlights barriers to adoption as well as the potential limitations and failures of this emerging approach digital social innovation is an emerging discipline that deserves more attention from policy makers and more resources from government drawing on welfare studies political science sociology psychology law and computer science this book will be of interest to researchers practitioners and policy makers alike

at the start of studies on health communication scholars were primarily concerned with showing the ethical implications of a new approach to care and with collecting evidence to demonstrate its greater effectiveness as opposed to the paternalistic and mechanistic paradigms well into the second decade of the 21st century different issues need to be addressed aging populations and the spread of chronic diseases are challenging the sustainability of health care systems worldwide increased awareness of health issues among

the population and greater citizen participation seem to threaten clinicians authority in this new scenario it is acknowledged that the quality of verbal communication plays a crucial role but it is still not clear how it impacts on the outcomes of care which are its constitutive components and how it interacts with the institutional cultural and social context of interactions this book suggests that the time is ripe for a fresh start in health communication studies as debra roter points out in her foreword this proposal is ambitious in attempting to integrate perspectives derived from pragmatics and argumentation theory with those derived from quantitative methods of medical interaction analysis and its prediction of outcomes on the other hand as giovanni gobber explains in his foreword health communication can profit from an application of a performance oriented linguistic analysis that pays attention to the role of the various relevant context factors in speech events related to specific activity types in this way the open questions regarding communication in medical encounters are considered under a new light the answers provided open up novel lines of research and provide an original perspective to face the new challenges in medical care

vols for 1970 71 includes manufacturers catalogs

subtech 93 features subjects as varied as contracting strategies through to hearing loss in divers the latest developments in underwater intervention technology include presentation on remotely operated vehicles manned submersible operations and a record breaking simulated deep dive medical and physical areas of diving operations are addressed together with operational and safety aspects this the sixth in the series of the jointly organised events by aodc sut brings topicality safety and economic issues to the forefront
