this book is the second of a planned three volume systematic theology under the

title confessions of a heretic volume one which has the subtitle philosophical considerations was published by archway in 2024 the project now turns to theological considerations with the forthcoming volume three being ecclesiological consideration organized into three parts volume two focuses on the theological endeavor and the doctrines distinctive to christianity namely the trinity jesus christ sin and salvation based on the foundational distinctions and definitions explicated in volume one the current volume seeks to ask what the philosophical considerations imply for basic traditional understandings and terminology of christian theology including that of jesus of nazareth his crucifixion and resurrection the project as a whole adopts a trinitarian structure with this second volume focused on god the son or as here termed god the perfector the argument is that christian theology needs to shift from an anthropocentric to a theocentric approach recognizing human beings simply as creatures and having the courage to face what that entails yet doing so necessitates a radical reconceptualization of the very foundations of christian theology itself in the attempt to combat idolatry

this book presents a clear and comprehensive introduction to the diverse and wide ranging ethical aspects of war and peace in a fair minded and engaging analysis nigel dower introduces the different ethical theories in traditional and contemporary debates realism just war theory and pacifism and subjects each to detailed critical scrutiny he frames these debates within a related but distinct framework of three approaches to international relations namely skeptical realism internationalism and cosmopolitanism the book also identifies and evaluates two further important perspectives militarism and pacifism whilst analyzing the advantages and disadvantages of the different outlooks dower makes a strong case for a cosmopolitan pacifist position arguing that we need to see peace in more positive terms than merely the absence of war the book uses a wide range of examples from across the world and includes discussion of nuclear weapons new wars terrorism humanitarian intervention and human security written as a textbook for students who have no prior knowledge of philosophical ethics the ethics of war and peace is designed to help students understand and see the relevance of how a professional philosopher can engage ethically with the world each chapter contains a helpful survey of its contents at the beginning and a set of questions for individual reflection or group discussion at the end this book will be essential reading for students of security studies conflict resolution peace studies philosophy and political theory and anyone interested in the ethical questions which arise from the study of war and peace

perfectionism is one of the leading moral views of the western tradition defined broadly it holds that what is right is whatever most promotes certain objective human goods such as knowledge achievement and deep personal relations

one boy with the power to save the world one man with the will to destroy it the chilling unputdownable new standalone thriller from dean koontz the master of suspense the master of our darkest dreams the times
