castles escrow a metaphysics esoteric approach to invisible money susan james susan james wrote in one of her many books the done deal that circumstances do not matter she goes on to remind us in her newest book castles escrow that as we choose to understand how applied higher law as spoken of through biblical principles metaphysics and the esoteric our lives can become more of what we desire for them to be and easier than we would have thought this is cause of great optimism for any of us whom choose these higher understandings using some concepts offered through the writings of esther and jerry hicks of abraham hicks ms james discusses the how to of the invisible escrow the place where all of our desires reside including money prior to appearing physically from the preface this book may be for you if you are someone who wants to believe in what they can t see yet this book may be for you if you are someone who realizes that with a little practice your life could be a little and then a lot better then this book may be for you if you are someone who has read in other places that hope is not a strategy i m here to let you know that hope is a wonderful strategy it is my highest hope for you that you move just a little bit forward feel a little bit better and then see the wonder of your life unfold and if you are someone who is already familiar with themes of this sort you may find something that you enjoy to add to where you already are from the introduction i ve written in my earlier books some of my experiences and the higher tools i ve used this newest book is

simply more of my own expansion from where i have been this book is not for everyone nor is the study and understanding of non physical entities and their way of helping us through others but if you believe in angels and the like then maybe there s a crack open for some new level of understanding i ve hungered for higher information and then applying what i ve learned in my own experience that s how i know this works and oh yes it is much easier this way and i love it so the truth does not bend but our use of it allows us to bend everything susan james

mastering the laws of manifestation is the key to attaining any desire and reading see it feel it have it the master key to manifesting your desires is the quickest way to do it by peeking behind the scenes of how the laws of manifestation operate you ll be able witness your desires sprout into existence the laws of manifestation taught and used within the book are far from fantasy in fact you re already using them to manifest everyday both consciously and unconsciously and if you already know a thing or two about manifestation but haven t been able to use it successfully the author can guarantee you that there are only a few small tweaks needed for you to be able to flip the switch and see your desires start to manifest these small tweaks which have the biggest impact are often the difference between success and failure with manifestation and they are hidden within the book for those who are ready to see them once you spot the hidden keys within the book you ll be a master of manifesting through your imagination and sense of feeling furthermore what the author has included within are laws that means they operate under any circumstances but that means that no matter if your desire is good or bad just or unjust these laws can be used to manifest it so the author asks that if you read this book please use these laws to only manifest desires that are pure positive and good or do not read it when the author first stumbled upon these laws he was 21 years old had no clue he was using them and was in charge of 14 4 million dollars in investments joseph graduated college in about half the time of everyone else and shortly after found himself working for the largest privately held investment firm in the world with his own branch his own assistant and in charge of 14 4 million dollars for his investors although because he wasn t consciously aware of the laws he was using to his advantage he ended up peaking and started to lose clients left and right that is until he lost his biggest client chris and decided it was time to quit but once he started to study ancient scriptures and texts he stumbled upon these laws of manifestation and started bending the universe to work in his favor and now that he knows what was really going on when he manifested both his rise and fall he has included that knowledge in see it feel it have it for the people that are ready to see it he has done this as a way for people to have a lot of the same success he s had in manifesting desires without most of the failure if you desire to find the answers you ve been looking for by reading the book right now you ll find them inside but like stated previously what joseph teaches within are laws and the nature of a law is that they operate whether your desires are good or bad so only read this book if you re going to use it to manifest the good and positive in your life or please don t read it at all

this set of principles as i have ordered and systematized them they make up the manifestation code and they are a spiritual technology to make the invisible visible

why you should read this book manifestation is a topic that everyone is fascinated with whether they know it or not what you manifest refers to what you create in your life on a daily basis are you satisfied with the circumstances of your life another way to ask this question is are you satisfied with what you have manifested in your life so far this includes areas such as financial your career money you have in the bank investments savings etc relationships whether you are married or single health and wellbeing spiritual do you feel that something is missing the art of manifestation is learning how to gain control over what you create in your life in order to do this you must first accept the reality or at least the possibility that you can in fact control the manifestation process many people go through life feeling as though they were the victims of fate they may not call it fate some blame their circumstances on luck environment or genetics these and other factors do play an important role in your life however what some of the world's greatest thinkers and spiritual masters have discovered is that the world we live in is actually created by our thoughts and emotions you may be familiar with ideas such as the law of attraction visualization or affirmations you may have even read books or attended seminars on such topics but it's not enough to simply be aware of these principles or even to do a few exercises now and then to benefit from the principles of manifestation you must thoroughly understand them and then put them into practice every day this book will show you how to do it with ease
