find out how bold actions by visionary leaders can inspire powerful stories that drive culture change data indicates that most strategic efforts to change a company's culture fail so how do companies succeed in this endeavor a top strategy professor and two highly successful CEOs found that in companies that had successfully changed their culture leaders had taken dramatic actions that embodied the new cultural values these actions inspired stories that became company legends repeated in every department and handed on to new employees through compiling and analyzing 150 stories from business leaders who have achieved change they identified 6 attributes that every successful culture change story has in

common 1 the actions are authentic 2 they revolve around the CEO 3 they signal a clean break with the past and a clear path to the future 4 they appeal to employee heads and hearts 5 they're often theatrical or dramatic 6 they're told and re-told throughout the organization with extensive and inspiring examples of stories containing these attributes the authors illustrate how readers can harness the power of stories within their company in order to change or create a winning culture to align with any strategy

when it comes to reducing wrinkles you really have to take your needs seriously there are a number of factors that play a role in the health and well-being of your skin it is often hard to understand how products work and why they may not work even if they promise to do so if you are considering wrinkle creams and a regimen of facelifts you may go broke in the process before you do all of that consider going through a process of determine the very best solution for your needs the first thing to consider is the health of your skin your skin needs to be healthy if you are to keep it from looking old too fast in addition it will allow you to look young and healthy just because you have wrinkles though does not mean that your skin is unhealthy in fact it just means that you need to take a closer look at your overall health the place to start is with your diet do you eat healthy foods such as a diet that is rich in deep colored vegetables do you eat a lot of foods that you know are not healthy for you do you eat foods that are overly greasy all of these things can cause many areas of your body to not function in the right way if you are looking for a solution to your wrinkles first start with improving your overall diet this means giving your body the necessary nutrients through the food that you consume many people make the mistake of assuming that what they eat doesn't matter if you are getting wrinkles early on it could be caused by your lack of a healthy diet improve your diet and improve your overall health as well as your skin's look

this book uses a range of statistical and structural indicators to analyse the transformation process in particular the transformation of science technology and industry in the former communist countries the book originates from a sense of the tremendous need for quantitative indicators for assessing trends and performance in the post socialist economies statistical systems in the region have passed through the first phase of rapid deterioration or as it is called by some analysts implosion after ten years of transformation we are witnessing a process of increasing differentiation of these countries in terms of general patterns of growth and structural change as well as specific lines of restructuring in their statistical systems the question of sources of growth or indeed of stagnation is an increasingly urgent one from both the policy and academic perspectives in that context there is a pressing need for in-depth assessment of restructuring patterns in science technology and industry in the region as a basis for understanding how restructuring in statistical systems is linked to industrial restructuring and to general economic and social transformation as the contributions to this volume show there is now a critical mass of quantitative data across the post socialist countries which deserves to be studied more thoroughly in

a comparative manner the changes of the last ten years have produced varying patterns of adjustment which are now clearly visible in social and structural indicators
