albee and influence is the fourth volume in the series new directions in edward albee studies sponsored by the edward albee society the volume contains essays written by leading albee scholars that focus on literary and philosophical influences on edward albee s plays as well as essays on writers and works that albee influenced essays focus on albee s relationship with such major american playwrights as thornton wilder amiri baraka sam shepard lanford wilson and john guare there are also contributions on albee s work as mentor to young playwrights the volume also includes an interview with award winning director pam mckinnon

why does kierkegaard s thought remain vital in french philosophy and theology kierkegaard in france traces the dynamic evolution of kierkegaard s reception from the early 20th century to contemporary debates on faith ethics and individuality his influence on french thought is examined anew with regard to well known thinkers like jean paul sartre jacques derrida and paul ricœur as well as readings that have largely been overlooked like those by simone de beauvoir and vladimir jankélévitch from existentialism and phenomenology to poststructuralism and feminism kierkegaard continues to be an essential interlocutor in shaping the continental tradition of thought in france there is a natural affinity between kierkegaard s uniquely intense subjectively involved metaphysical realism and the french spiritualist tradition which eschews both idealism and reductive empiricism this book brings out that affinity and displays it in all the variety of its manifestations both religious and secular both speculative and existentialist an indispensable and monumental entry for scholars and intriguing read for a wider audience catherine pickstock norris hulse professor of divinity university of cambridge

this new edition is an up to date adaptation of carnegie s timeless prescriptions for the digital age this book is a must have guide for anyone who wants to find success on facebook linkedin twitter and any social media format today and in the future

this book turns the argument about aid effectiveness on its head since development assistance is inherently self interested a source of soft power political manipulation and commercial opportunity its real effectiveness could arguably be judged by the strength of donor influence and not by development impact its subjective nature means that its impact on development is often weak mainly short term and confined to limited and specific contexts aid as influence was prevalent during the cold war era the connection is equally strong in this century s newly bipolar world in which the contest is between western donors led by the united states and china which is spending hundreds of billions of dollars on infrastructure as a means of influence in the global south influence permeates both bilateral and multilateral aid and in parallel with official aid the rise of global philanthropy has seen it taken up by some of today s billionaires the response by donors to the growing havoc caused by the three cs conflict climate change and covid 19 confirms the main findings of the book which concludes by outlining what aid without influence would look

like this book draws on the author's 40 years of experience of the aid industry and will be essential reading for development students practitioners and policy makers alike

if we were to rely on what the pundits and politicians tell us we would have to conclude that america is a deeply conservative nation americans we hear constantly detest government demand lower taxes and the end of welfare and favor the death penalty prayer in school and an absolute faith in the free market and yet americans believe deeply in progressive ideas in fact progressivism has long been a powerful force in the american psyche consider that a mere generation ago the struggle for environmentally sound policies for women's rights and for racial equality were fringe movements today open opposition to these core ideals would be political suicide drawing on this wellspring of american progressivist tradition john k wilson has penned an informal handbook for the pragmatic progressive wilson insists that the left must become more savvy in its rhetoric and stop preaching only to the converted progressives need to attack the tangible realities of the corporate welfare state while explicitly acknowledging that socialism is as wilson writes deadlier than lenin rather than attacking a right wing conspiracy wilson argues that the left needs one too tracing how well funded conservative pressure groups have wielded their influence and transformed the national agenda wilson outlines a similar approach for the left along the way he exposes the faultlines of our poll and money driven form of politics explodes the myth of the liberal media and demands that the left explicitly change its image irreverent practical and urgently argued how the left can win arguments and influence people charts a way to translate progressive ideals into reality and reassert the core principles of the american left on the national stage

this book outlines an analytical framework to understand power influence and statecraft in the pacific islands region with contributions by scholars from the united states australia china new zealand and across the pacific islands region it provides both sides of the story of statecraft and explores how power and influence are being exercised in the pacific islands amid escalating strategic competition the united states china australia and a range of other partners are trying to exercise power and influence in their pacific islands region through their statecraft but which partners are doing what where are they doing it and how are pacific island countries and people responding through case studies of key examples such as economic assistance defence diplomacy scholarships and strategic narratives this book analyses how tools of statecraft are being deployed by a range of key partners and pacific island states and how they are being received by pacific island countries and people a vital resource for scholars and practitioners in international relations and diplomacy as well as those seeking to understand how statecraft power and influence are being exercised in the pacific islands region the open access version of this book available at taylorfrancis.com has been made available under a creative commons attribution non commercial no derivatives cc by nc nd 4.0 license

your message is your greatest tool to influence others to choose you the problem is most people fail because they don't know how to position and sell themselves their message gets lost in the noise because our brains are wired to pay attention to certain things when you build your message on three key research backed strategies you will bypass the brain's defenses stand out from the crowd and influence decision makers to choose you every single time this book tells you how inside of the influence mindset you will learn how the influence game has changed and how to quickly and easily influence anyone with 4 simple techniques how to succeed in the most competitive selective environments in the world how to stand out from the crowd as exemplary and unique even if secretly you know you aren't if you want to be more influential compete with the best and win then this book is for you to download your free online resources head over to thechristianhansen.com
