this cutting edge book provides a comprehensive examination of applied qualitative research in the caribbean it highlights the methodological diversity of qualitative research by drawing on various approaches to the study of caribbean society addressing the lack of published qualitative research on the region featuring 17 chapters the

book covers five key areas namely overview and introduction gender crime and violence gender and intimate partner violence health management and public policy and migration and tourism throughout the course of the book the chapters explore how different kinds of qualitative research can be used to inform public policy and help deal with a myriad of socioeconomic problems that affect caribbean people the book further uses distinct approaches to showcase a diverse selection of qualitative research methods such as autoethnography life history narrative enquiry participants observation grounded theory case study and critical discourse the book will be beneficial for students and scholars both from the caribbean and internationally who are engaged in the conduct of qualitative empirical enquiry it will further hold appeal to advanced undergraduate level classes and postgraduate students along with scholars in the fields of social sciences and education

written from a critical theory de colonizing and transformative lens re search methods in social work linking ways of knowing to knowledge creation brings together in one space an introduction to four worldviews that inform what we call knowledge gathering knowledge construction knowledge co creation or re search depending on the worldview this text presents a broad range of methods that are commonly used to inform social work practice across turtle island kanata canada including the steps from inception to knowledge mobilization that are typically followed to acquire knowledge across indigenous post positivist interpretivist and transformative worldviews this engaging text features reader friendly language integrated authorship that spans the four worldviews discussions of various challenges strengths and limitations in bringing together multiple ways of knowing and associated methods chapter learning outcomes and discussion questions with a focus on anti oppressive practice social justice social action collaboration and inclusion re search methods in social work is essential for college and university social work courses and for social work practitioner researchers across turtle island kanata canada who are interested in opening their mind to a more wholistic and respectful way of engaging in dialogue about and advancing knowledge that leads to social change

this book explores the recent developments in global and japanese whaling from the viewpoint of the members of the japanese whaling community a perspective that is largely neglected and misinterpreted japanese whaling has been one of the most contentious issues in global environmental governance in recent years and japan is often harshly criticized for its whaling programs by distinguishing between the different whaling related actors and their experiences this book widens our understanding of why whaling programs continue to exist rich in ethnographic data the book includes in depth interviews with representatives of the japanese whaling community from government officials to fishermen shedding light on what whaling represents both historically and today as an ethnographic study of a divisive and controversial subject this book will appeal to a wide range of students and scholars including but not limited to those interested in japanese studies anthropology political science and ocean

resource management

more extensive regulations new technologies and new means of communication have significantly changed the financing landscape for startups and small to medium sized companies smes this volume provides a contemporary research based overview of the latest trends in entrepreneurial finance and outlines expected future developments starting with the status quo in market regulations and the financing structure of smes it addresses a broad range of new financing alternatives for innovative startups e g business angel financing venture capital and corporate venture capital as well as recent social phenomena e g crowdfunding and initial coin offerings icos incorporating qualitative quantitative and mixed analytical methods the book contributes to a better understanding of the financing world by reflecting both the researcher s and the practitioner s perspective

introducing novel theoretical empirical and practical investigations with case studies from uk europe south america and south east asia the book offers a novel global outlook on how contemporary homes are facing genuine challenges from operational economic spatial social and wellbeing perspectives the changing demographics of our modern society have inevitably impacted the dynamics and relationships within the home from being personal and private to that of multiple work relationships domestic work care for older people or supporting people with special needs whilst the home is a concept universally experienced permeating every aspect of our lives it remains an entity whose influence on health and wellbeing is poorly understood this book brings together 17 different contributions from scholars researchers and practitioners from different disciplinary and professional backgrounds including three feature articles by leading figures such as lord best and baroness hollins the chapters are organised within three parts that look at the triangle of people work care in the home at a time when homes are increasingly becoming local hubs for care and wellbeing this volume is a critical and useful addition to current literature in the social sciences humanities economics culture care and wellbeing in the domestic sphere

this book examines how social issues shape and influence our engagement with sport leisure time physical activity and health promoting exercise connecting the personal with the public it helps the reader understand how individual exercise leisure and sport participation are both facilitated and constrained by their social contexts presenting a series of in depth descriptions of grassroots sport urban lifestyle sport physical activity across the life course sport for children with special needs and the development of creative climates in sport this book seeks to encourage what c wright mills described as the sociological imagination every chapter begins with an individual level account centred on everyday challenges with accessing sport partaking in leisure activities and meeting guidelines for daily exercise before exploring the larger socially

determined patterns in which those experiences are located establishing a vital template for the social scientific study of sport leisure and health touching on key contemporary themes including diversity inclusion health inequalities and physical inactivity as well as selection and intensification in sports this book offers new case material and theoretical tools for understanding the relationships between sport leisure health and the wider society this is an indispensable companion for any course on the sociology of sport exercise leisure or physical activity and health

bringing together the fields of sociology political science and management and organization studies ursula möhle offers in this unique volume an authoritative overview of corporate social responsibility csr möhle first considers the origins of csr during the 1970s highlighting the various approaches to csr and explaining its early shortcomings she then turns to the united nations global compact and the global reporting initiative to investigate why since the mid 1990s csr has been on the rise finally möhle employs several case studies as well as interviews with business executives and politicians to illustrate why businesses worldwide now view csr as a key component to their success the politics of corporate social responsibility will be welcomed by scholars and csr practitioners alike

this book and the papers published within it delves into the topic of governance in a modern digital age deliberating upon digital finance societal security and digital governance proving essential to governmental institutions policymakers economists and finally social educators the formation of a prosperous and resilient society is without a doubt a daunting monumental task addressing people's needs maintaining their well being ensuring safety from external threats and implementing a just law system that covers contemporary ways of life are no simple task thankfully the advent of technological advancement helps lighten the heavy burden of governance the element of interconnectedness brought forward by technological innovation has bridged the gap between society and government allowing for faster interactions through the digitalization of naturally bureaucratic processes and the utilization of digital finances

the second edition of this bestselling text offers students and first time researchers invaluable guidance on the practice of qualitative social research throughout the author addresses the key issues which need to be identified and resolved in the qualitative research process and through which researchers develop essential skills in qualitative research the book highlights the difficult questions that researchers should get into the habit of asking themselves in the course of doing qualitative research and outlines the implications of the different ways of responding to these questions the new edition of qualitative research has been fully revised and updated with expanded coverage of observation documents visual data caqdas and writing qualitative research the text bridges the gap between cookbook approaches to qualitative research and

abstract methodological approaches helping the reader to move comfortably between principle and practice this text has proved to be an invaluable introduction to qualitative research and a useful aid to accomplished qualitative research practice across the social sciences
