uncover the truth under all the bs in the daily battle for our hearts and minds not to mention our hard earned cash the truth is usually the first casualty it s time we learned how to see through the rhetoric faulty reasoning and misinformation that we re subjected to from morning to night by talk radio hosts op ed columnists advertisers self help gurus business thinkers and of course politicians and no one is better equipped to show us how than award winning philosopher jamie whyte in crimes against logic whyte take us on a fast paced ruthlessly funny romp through the mulligan stew of can folderol and bogus logic served up in the media at the office and even in your own home applying his laserlike wit to dozens of timely examples whyte cuts through the haze of facts figures and double talk and gets at the real truth behind what they re telling us an incisive philosopher sunday telegraph

the much anticipated fourth edition of craig deegans financial accounting theory delivers authoritative and completely up to date material with the discussion of both existing theories and newer theories that have surfaced as financial reporting has become more international this edition includes a new selection of modern accounting headlines which provide current examples of organisations and individuals putting accounting theory into practice in both local and global settings financial accounting theory covers additional topics such as critical perspectives public sector accounting and fair value workflows and processes are presented using enhanced visual charts to help demonstrate how accounting works in practice deegan presents the concepts in a clear and straightforward style while challenging students to think critically about the range of accounting theories financial accounting theory provides a sound basis for readers contemplating further research and develops habits of analytical reasoning and critical thinking

persuasive interesting and unusual kirkus reviews a total departure from previous writing about television this book is the

first ever to advocate that the medium is not reformable its problems are inherent in the technology itself and are so dangerous to personal health and sanity to the environment and to democratic processes that tv ought to be eliminated forever weaving personal experiences with meticulous research the author ranges widely over aspects of television that have rarely been examined and never before joined together allowing an entirely new frightening image to emerge the idea that all technologies are neutral benign instruments that can be used well or badly is thrown open to profound doubt speaking of tv reform is in the words of the author as absurd as speaking of the reform of a technology such as guns praise for the work of jerry mander lively provocative publishers weekly a skilled writer kirkus reviews starred review
