the max planck handbooks in european public law series describes and analyses the public law of the european legal space an area that encompasses not only the law of the european union but also the european convention on human rights and importantly the domestic public laws of european states recognizing that the ongoing vertical and horizontal processes of european integration make legal comparison the task of our time for both scholars and practitioners it aims to foster the development of a specifically european legal pluralism and to contribute to the legitimacy and efficiency of european public law the first volume of the series begins this enterprise with an appraisal of the evolution of the state and its administration with cross cutting contributions and also specific country reports while the former include among others treatises on historical antecedents of the concept of european public law the development of the administrative state as such the relationship between constitutional and administrative law and legal conceptions of statehood the latter focus on states and legal orders as diverse as e g spain and hungary or great britain and greece with this the book provides access to the systematic foundations pivotal historic moments and legal thought of states bound together not only by a common history but also by deep and entrenched normative ties for the quality of the *ius publicum europaeum* can be no better than the common understanding european scholars and practitioners have of the law of other states an understanding thus improved will enable them to operate with the shared skills knowledge and values that can bring to fruition the different processes of european integration

this volume presents pioneering research for the purpose of developing a common analytical foundation and framework for the emerging interdisciplinary research field of investment control and national security it deals with legal and regulatory aspects of investment controls specifically from an international transnational and comparative law perspective

this book seeks to enrich and refine global administrative law and eu administrative law analytical tools by examining their manifold relations its aim is to begin to explore the complex reality of the interactions between eu administrative law and global administrative law to provide a preliminary map of such legal and institutional reality and to review it the book is the first attempt to analyze a dense area of new legal issues the first part of the book contains core elements of a general theory of the relationships between global and eu administrative law comparative inquiries exchanges of legal principles and developing linkages the second part is devoted to special regulatory regimes in which global and european law coexist though not always peacefully several sectors are considered cultural heritage medicines climate change antitrust accounting and auditing banking supervision and public procurement

il volume istituzioni di diritto amministrativo approfondisce argomenti come ad esempio la formazione del sistema di diritto amministrativo la pubblica amministrazione e i suoi principi il pluralismo autonomistico lâ organizzazione amministrativa le situazioni giuridiche soggettive potere amministrativo e principio di precauzione fra discrezionalità tecnica e discrezionalità pura il procedimento amministrativo nozione e caratteri generali lâ istruttoria procedimentale e il responsabile del procedimento e molti altri approfondimenti per fornire agli studenti tutti gli strumenti per affrontare al meglio lo studio della materia

first published in 1917 with a second edition in 1948 this is the first english translation of santi romano s classic work the legal order the focus is on the notion of institution which romano considers the core and distinguishing feature of law the legal order offers precious insights for a thorough rethinking of state based models of law

is the procedural autonomy of eu member state a myth or a reality what should this concept be taken to mean starting from the analysis of requirements and principles regulating generally speaking the relationships between member states and eu law this book provides a definition of procedural

autonomy able to account for the concept's inherent limits out of an analysis of the more relevant eu jurisprudence the author identifies the rationale underlying the interventions of the ecj on issues of procedural autonomy and the common logic that emerges from it and reveals how in an unchanged context of procedural autonomy of the member states national procedural law becomes more and more functionalized to the requirements of effectiveness of substantive eu law as such we should speak of a functionalized procedural competence rather than of procedural autonomy but this is by no means a case of paradise lost the book includes a foreword by prof jürgen schwarze one of the founding fathers of european administrative law

this book examines the role of law in europe at a time when economic policies have become dominant not only on this continent but globally can law be seen as a mere infrastructure or does it contribute to defining the social and legal order through its own inherent rules if the second hypothesis is true what might these rules be and how may they be identified lastly to what extent can agreeing a definition of the role of law affect the future of europe with the next generation european union the eu has introduced an unprecedented investment plan for economic recovery and resilience in doing so it has become the most important financial intermediary on the continent but is this simply the prelude to a european economic and financial revival or does it also aim to strengthen the european legal order in social political and constitutional terms this book argues that the role of law in europe should be to achieve a balanced relationship between freedom and solidarity encouraging economic competition but also social cohesion analyzing the role of law in the project of european integration it maintains that law should be more than an infrastructure for finance and economics showing how it can act as a guide and a binding force to achieve a more balanced relationship between economics politics and law this book will be of interest to scholars in the fields of public law european law law and economics the philosophy of law legal history political theory and political science as well as others concerned with the future of european integration

the third edition of eu administrative law provides comprehensive coverage of the administrative

system in the eu and the principles of judicial review that apply in this area this revised edition provides important updates on each area covered including new case law institutional developments and eu legislation these changes are located within the framework of broader developments in the eu the chapters in the first half of the book deal with all the principal variants of the eu administrative regime thus there are chapters dealing with the history and taxonomy of the eu administrative regime direct administration shared administration comitology agencies social partners and the open method of coordination the coverage throughout focuses on the legal regime that governs the particular form of administration and broader issues of accountability drawing on literature from political science as well as law the focus in the second part of the book shifts to judicial review there are detailed chapters covering all principles of judicial review and the discussion of the law throughout is analytical and contextual it begins with the principles that have informed the development of eu judicial review this is followed by a chapter dealing with the judicial system and the way in which reform could impact on the subject matter of the book there are then chapters dealing with competence access transparency process law fact and discretion rights equality legitimate expectations two chapters on proportionality the precautionary principle two chapters on remedies and the ombudsman

this publication is a collection of papers of the second meeting of the dornburg research group on new administrative law which was held in london in may 2007 acknowledgments
