the western one of hollywood s great film genres has surprisingly enjoyed a revival recently in asia and in other parts of the world whilst at the same time declining in america although the western is often seen as an example of american cultural dominance this book challenges this view it considers the western from an asian perspective exploring why the rise of asian westerns has come about and examining how its aesthetics styles and politics have evolved as a result it analyses specific asian westerns as well as westerns made elsewhere including in australia europe and hollywood to demonstrate how these employ asian philosophical and mythical ideas and value systems the book concludes that the western is a genre which is truly global and not one that is purely intrinsic to america

this volume is an important contribution to the new literature on frontier studies and the historiography of northeast india

the incorporation of taiwan into the qing empire in the 17th century and its evolution into a province by the late 19th century involved not only a reconsideration of imperial geography but also a reconceptualization of the chinese domain here teng takes the view of taiwan china relations as a product of the history of qing expansionism
