a concise handbook of mathematics physics and engineering sciences takes a practical approach to the basic notions formulas equations problems theorems methods and laws that most frequently occur in scientific and engineering applications and university education the authors pay special attention to issues that many engineers and students

the ninth symphony of ludwig van beethoven with its final choral movement is one of the iconic works of western classical music and yet the story never fully told concerns the months leading to the symphony s world premiere in vienna on 7 may and repeat performance on 23 may 1824 in his new book theodore albrecht brings to life the day to day details that it took to stage that premiere it s a story of negotiating for performance halls and performers payments of hand copying legible scores and individual parts for over 120 performers of finding financiers as well as space and time for rehearsals importantly it is also a story of the relationship between beethoven and the musicians who performed this symphonic masterpiece in fact as the maddening rehearsal schedule towards the symphony s premiere shows it transpires that many passages of the ninth have been tailored to specific orchestral players many modern day musicians will recognize familiar situations in rehearsals many scholars and students will relish unprecedented new detail all this comes to the fore by reconstructing the story drawing on the almost deaf composer s conversation books which beethoven had been using since 1818 in the performance story of the ninth symphony s premiere albrecht makes full use of these invaluable documents which are now being translated for the first time into english in a series of 12 volumes published by the boydell press theodore albrecht professor emeritus of music at kent state university ohio is an award winning beethoven scholar he has authored many important articles on the composer and is the editor of letters to beethoven and other correspondence 1996 as well as translator and editor of beethoven s conversation books boydell press back cover

the twentieth century was a period of rapid change for religion secularisation resulted in a dramatic fall in church attendance in the west and the 1950s and 1960s saw the introduction of new religions including the international society for krishna consciousness iskcon the church of scientology and the children of god new religions were regarded with suspicion by society in general and religious studies scholars alike until the 1990s when the emergence of a second generation of new new religions based on popular cultural forms including films novels computer games and comic books and highly individualistic spiritualities confirmed the utter transformation of the religio spiritual landscape indeed scientology and iskcon appeared almost traditional and conservative when

compared to the radically de institutionalised eclectic parodic fun loving and experimental fiction based invented and hyper real religions in this book scholarly treatments of cutting edge religious and spiritual trends are brought into conversation with contributions by representatives of dudeism the church of all worlds the temple of the jedi order and tolkien spirituality groups this book will simultaneously entertain shock challenge and delight scholars of religious studies as well as those with a wider interest in new religious movements

collective memory and the dutch east indies unremembering decolonization examines the afterlife of decolonization in the collective memory of the netherlands it offers a new perspective on the cultural history of representing the decolonization of the dutch east indies and maps out how a contested collective memory was shaped taking a transdisciplinary approach and applying several theoretical frames from literary studies sociology cultural anthropology and film theory the author reveals how mediated memories contributed to a process of what he calls unremembering he analyses in detail a broad variety of sources including novels films documentaries radio interviews memoirs and historical studies to reveal how five decades of representing and remembering decolonization fed into an unremembering by which some key notions were silenced or ignored the author concludes that historians or the historical guild bear much responsibility for the unremembering of decolonization in dutch collective memory

the catholic university of america press is honored to publish the english critical edition of the works of karol wojtyła john paul ii under the auspices of an international editorial board the english critical edition will comprise more than 20 volumes covering all of john paul ii's writings and correspondence in the years before and during his papacy this collection is essential for several reasons for one thing gaining access to the saint's writings has posed a significant challenge except for official papal addresses and documents preserved and disseminated by the vatican st john paul ii's works have been scattered and limited many documents need a new translation finally english language audiences have faced the challenge even in the case of published texts of dealing with several languages various translations and textual idiosyncrasies the second volume of the series presents wojtyła's lectures at the catholic university of lublin and his works on max scheler this volume consists of three parts karol wojtyła's lectures at the lublin university from 1954 to 1957 during three academic years wojtyła's articles related to the ethical issues discussed in the lublin lectures and his habilitation thesis on max scheler from 1953 with other essays related more closely to scheler's thought as was the case with volume 1 volume 2 also relies on the original manuscripts and typescripts of wojtyła's works these original texts were compared with the polish published editions and the significant differences between them were marked in the scholarly apparatus some of the essays in this volume were never published in english others were never published before
