what comes after reflective listening what comes after the ministry of presence spiritual midwifery is a powerful framework for offering pastoral care in today's fast paced environment midwifery offers ways of thinking about those who are served the work itself and what it means to be a clinical caregiver within the tradition of the care of souls spiritual midwifery has philosophical and spiritual roots that stem from the earliest seeds of western thought even back to Jesus and Socrates readers will find an inductive approach toward a conceptual model that offers insight for richer assessments and outcome oriented goals of care part one sets out the metaphors of the midwife and the dialogue part two unpacks the methodology behind the mechanics part three looks at creative applications of midwifery and is followed by a symposium patterned after Plato's own symposium a rigorous theory remains at the centre of the work but the tone is poetically balanced enough to

invite the transformation of the spiritual caregiver from the philosophy of heraclitus to the theology of kierkegaard and the spiritual direction of guenther the art of spiritual midwifery brings forth a comprehensive conception of pastoral care and its delivery

this book is the first of its kind addressing key issues in the teaching and learning of spirituality and spiritual care in the context of nursing and midwifery practice the content is based on the outcomes of a european wide project epicc that brought together leading nursing and midwifery educators and practitioners from 21 countries it highlights the importance of ensuring student nurses and midwives receive sufficient educational preparation to provide spiritual person centred care in turn the book puts forward an innovative and creative approach to the teaching of spiritual person centred care based on an evaluation of best practice across europe the content and activities presented will enable nursing and midwifery educators to acquire new knowledge skills for learning about and teaching on the personal religious and spiritual aspects of person centred care both interactive and engaging it will equip nursing and midwifery students to holistically address the needs of the people they care for the book has the potential to transform the nursing and midwifery workforce of the future by ensuring they are prepared to face the global challenges that are impacting international nursing and midwifery practice

the relationship between spirituality and healthcare is historical intellectual and practical and it has now emerged as a significant field in health research healthcare policy and clinical practice and training understanding health and wellbeing requires addressing spiritual and existential issues and healthcare is therefore challenged to respond to the ways spirituality is experienced and expressed in illness suffering healing and loss if healthcare has compassionate regard for the humanity of those it serves it is faced with questions about how it understands and interprets spirituality what resources it should make available and how these are organised and the ways in which spirituality shapes and informs the purpose and practice of healthcare these questions are the basis for this resource which presents a coherent field of enquiry discussion and debate that is interdisciplinary international and vibrant there is a growing corpus of articles in medical and healthcare journals on spirituality in addition to a wide range of literature but there has been no attempt so far to publish a standard text on this subject spirituality in healthcare is an authoritative reference on the subject providing unequalled coverage critical depth and an integrated source of key topics divided into six sections including practice research policy and training the project brings together international contributions from scholars in the field to provide a unique and stimulating resource
