why do contemporary christians seem to routinely talk past one another amid contentious theological debates in this illuminating study sean m w mcguire argues that interpreters lack of self critical reflection on the process of interpretation and compounding cultural factors are problematizing interpretive practice thus to work through difficult topics christians need to develop the ability to reflect on the complexity informing how they interpret scripture and how they see others interpreting scripture so that they can coherently and constructively discuss their interpretations with others grounding the study in the discipline of practical theology mcguire utilizes the cultural theory of metamodernism and the hermeneutics of hans georg gadamer 1900 2002 together with a proposed revision of the wesleyan quadrilateral to develop a paradigm for observing and describing differences in biblical interpretive practice using current debates regarding sexuality as an illustrative example the project reveals the complexity underlying contemporary interpretive practice showing that amid this complexity the prioritization or lack thereof of theological reflection sources prompts certain interpretive conclusions perceiving the multivalent nature of interpretation readers will be equipped to think carefully and

critically about how they come to their biblical interpretive conclusions and how those conclusions inform transformed living in christ

thoroughly updated to discuss the use of tools such as skype and social media this concise volume shows how effective communication via written text and spoken presentations can positively impact project management in professional environments professional communications are the information product of all organizations and businesses based on that premise this book offers communications strategies that will benefit any organization that disseminates technical information in house and or to customers the popular work provides easy to understand and apply guidelines for designing and writing effective technical documents as well as other related communications what makes this new edition especially valuable is that it maintains the quality of information that distinguished the previous editions but is now updated to encompass current technology and trends including today s prevalent communication tools such as social media the book begins by looking at skills common to all technical writing and offering general advice on designing and writing reports next is a discussion of specific types of reports along with common problems and issues writers face finally the work overviews other forms of communications such as professional presentations the updated material also considers the growing importance of interviews and focus groups as information gathering tools the influence of visual rhetoric and the use of technologies such as skype and webinars

grounded in solid theory with new field tested classroom activities the fourth edition of critical encounters in secondary english continues to help teachers integrate the lenses of contemporary literary theory into practices that have always defined good pedagogy the most significant change for this edition is the addition of critical race theory crt as an analytical lens crt offers teachers fresh opportunities for interdisciplinary planning and teaching as it lends itself to lessons that encompass a variety of disciplines such as history sociology psychology and science as with the previous edition each chapter concludes with a list of suggested nonfiction pieces that work well for the particular lens under discussion this popular text provides a comprehensive approach to incorporating nonfiction and informational texts into the literature classroom with new and revised classroom activities appropriate for today s students book features helps both pre and inservice ela teachers introduce contemporary literary theory into their classrooms offers lucid and accessible explications of contemporary literary theory provides dozens of innovative and field tested classroom activities tackles the thorny issue of critical race theory in helpful and practical ways praise for the third edition what a smart and useful book it provides teachers with a wealth of knowledge and material to help their students develop critical perspective and suppleness of thought mike rose university of california los angeles this third edition proves that appleman still has her hand on the pulse of the rapidly changing landscape of education ernest morrell teachers college columbia university this new edition of deborah appleman s now classic book demonstrates even more dramatically than previously how the critical theories she so skillfully teaches serve not only as lenses for the reading of literature but as tools for discovering interrogating and challenging injustice hypocrisy and the hidden power relations that students are likely to encounter sheridan blau teachers college columbia university

in language that is clear and compelling bergant explores the world of the bible and biblical scholarship in an introduction that is sure to spark enthusiasm and further interest this volume instills solid knowledge of scripture and thereby knowledge of christ demonstrating that the bible is an inexhaustible source of challenge and delight of inspiration and guidance and a

testimony to ultimate meaning and value

to date the relation between multilingualism and the semantic has not yet received enough attention in the research community one major challenge for the semantic community is to develop architectures frameworks and systems that can help in overcoming national and language barriers facilitating equal access to information produced in different cultures and languages as such this volume aims at documenting the state of the art with regard to the vision of a multilingual semantic in which semantic information will be accessible in and across multiple languages the multilingual semantic as envisioned in this volume will support the following functionalities 1 responding to information needs in any language with regard to semantically structured data available on the semantic and linked open data lod cloud 2 verbalizing and accessing semantically structured data ontologies or other conceptualizations in multiple languages 3 harmonizing integrating aggregating comparing and repurposing semantically structured data across languages and 4 aligning and reconciling ontologies or other conceptualizations across languages the volume is divided into three main sections principles methods and applications the section on principles discusses models architectures and methodologies that enrich the current semantic architecture with features necessary to handle multiple languages the section on methods describes algorithms and approaches for solving key issues related to the construction of the multilingual semantic the section on applications describes the use of multilingual semantic based approaches in the context of several application domains this volume is essential reading for all academic and industrial researchers who want to embark on this new research field at the intersection of various research topics including the semantic linked data natural language processing computational linguistics terminology and information retrieval it will also be of great interest to practitioners who are interested in re examining their existing infrastructure and methodologies for handling multiple languages in applications or information retrieval systems
