synthesizing exceptional cartography and impeccable scholarship this edition traces 12 000 years of history with 450 maps and over 200 000 words of text 200 illustrations

an excellent world atlas very illuminating good colours clear texts good glossary and last but not least up to date amazon customer review the market leading world atlas for work study or leisure great value for money and top seller on bookscan in this price range 96 pages of authoritative world maps physical and political 70 city maps in the fascinating world cities section with full page satellite images for 10 great cities over 35 000 place name index special 32 page introductory section the world in focus covers key geographical themes such as the earth's position in the solar system the structure of the earth climate and

weather the environment population resources economics and international organizations vital information on topics covered in geography humanities and economics courses the information packed world atlas from philip s published in association with the royal geographical society has been fully updated for this new 2021 edition

now organized alphabetically the information atlas has been completely redesigned to provide much easier access to its wealth of geographic data includes a 16 page section of country by country facts full color maps art

the first and only atlas to present global history in a series of uniform world to view maps this groundbreaking volume allows complete and instant comparison between different periods and regions book cover

combines up to date maps with factual background information

from the publication in 1595 of the first atlas by the flemish cartographer gerhard mercator the term has become a universally adopted title for books containing accurate uniform and evenly spread maps of all or some of the world this is an atlas with a difference few of the maps in this book could reasonably be called accurate in the modern sense and could almost certainly not be used to plan a journey yet this atlas can help us to travel in a way that regular atlases do not because by looking at old maps and getting to know their stories we can be transported back to the times in which they were made the generous full color illustrations of each map in this large format book range from the klencke atlas 1660 to hokusai s map of china 1840 41 from a 1682 pirate map of guatemala to 20th century cartographic postcards featuring maps of australia

an atlas of world affairs describes the people factions and events that have shaped the modern world from the second world war to the present day this tenth edition of an atlas of world affairs has been thoroughly revised and updated to place international issues and conflicts in their most recent geographical contexts through the integration of over one hundred maps critical new issues are covered including the break up of the soviet union czechoslovakia and yugoslavia the expansion of the european union the reshaping of south africa and the pressing environmental concerns faced by many new sovereign states

the new world atlas for higher education and college geography level teachings this new atlas uses the klett perthes high quality map print details as known from their wall maps features over 350 pages of detailed maps statistics glossary and information to teach higher level geography education

presents world regional and thematic maps as well as photographic essays on each continent

with 96 pages of authoritative world maps a comprehensive index 69 city maps and a thematic section providing information on topics covered in geography humanities and economics courses philip s world atlas is recommended for students as well as for

general home reference the 96 pages of physical and political maps give a balanced coverage of the world at well chosen scales the hill shading on the physical maps provides an exceptionally vivid portrayal of landforms the 32 page introductory section the world in focus covers key geographical themes such as the earth's position in the solar system the structure of the earth climate and weather the environment population resources economics and international organizations the 48 page world cities section provides urban area and city centre maps marking tourist sites for 69 of the world's most important cities backed up by a comprehensive index full page satellite images for 9 of the cities featured complete this section the 35 000 name index includes geographical features as well as towns and cities with both letter figure grid references and latitude and longitude co ordinates

reader's digest atlas of the world contains giant maps which take you from an overview of the whole world through portraits of the continents to a detailed picture of all the world's countries and regions the maps show how humans have moulded the land for their own needs built towns and cities and highways roads and railways that link them

a book of maps of every continent plus information on specific geographical areas

this family atlas contains many diverse world thematic topics with maps graphs charts photographs and text all maps are completely updated to reflect the latest changes of our world

this value priced atlas is perfect for students reflecting the most current status of world nations it contains 52 pages of which are detailed computer generated maps new thematic maps of each continent cover topography population land use and mineral resources each country's political boundary is clearly distinguished with a contrasting band of colour to help make this atlas easy to read a world statistics chart includes the largest islands principal mountains longest rivers major ship canals and the dimensions of the earth and solar system this new edition has added a world reference guide with the national flag area and capital of each country as well as a discussion of map projections and how computer generated maps are created
