the bloomsbury companion to malcolm k. halliday is a comprehensive and accessible reference resource to one of the world's leading and most influential linguists. born in 1925, halliday is the figure most responsible for the development of systemic functional linguistics. the impact of his work extends beyond linguistics into the study of stylistics, computational linguistics, visual narrative and multimodal communication. he is considered a founder of the field of social semiotics. written by leading figures in the field, the volume provides readers with an authoritative overview of his early career, his most important theoretical findings and how his work has influenced linguistics as a discipline. from the publishers of his collected works and the essential halliday, this is another must-have book underlining halliday's era-defining impact on the field of linguistics.

bloomsbury companion to second language acquisition: this book is designed to be the essential one-volume resource for advanced students and academics. it offers a comprehensive reference resource. it features an overview of key topics in SLA as well as the key research methods. it then goes on to look at current research areas and new directions in the field by examining key relationships in the field, including the relationship between first and second language acquisition and the relationship between L2 input and L2 output. it is a complete resource for postgraduate students and researchers working within second language acquisition and applied linguistics.

hannah arendt's 1906–1975 writings, both in public magazines and in her important books, are still widely studied today. she made original contributions in political thinking that still astound readers and critics alike. the subject of several films and numerous books, colloquia and newspaper articles, arendt remains a touchstone in innumerable debates about the use of violence in politics, the responsibility one has under dictatorships and totalitarianism, and how to combat the repetition of the horrors of the past. the bloomsbury companion to arendt offers the definitive guide to her writings and ideas, her influences and commentators, as well as the reasons for her lasting significance. with 66 original essays taking up in accessible terms the myriad ways in which one can take up her work and her continuing importance, these essays, written by an international set of her best readers and commentators, provides a comprehensive coverage of her life and the contexts in which her works were written. special sections take up chapters on each of her key writings, the reception of her work and key ways she interpreted those who influenced her. if one has come to arendt from one of

her essays on freedom or from yet another bombastic account of her writings on adolph eichmann or as as student or professor working in the field of arendt studies this book provides the ideal tool for thinking with and rediscovering one of the most important intellectuals of the past century but just as importantly contributors advance the study of arendt into neglected areas such as on science and ecology to demonstrate her importance not just to debates in which she was well known but those touched off only after her death arendt s approaches as well as her concrete claims about the political have much to offer given the current ecological and refugee crises among others in sum then the companion provides a tool for thinking with arendt but also for showing just where those thinking with her can take her work today

thomas hobbes 1588 1679 is widely held to be one of the most important thinkers in the history of philosophy his contributions to ethics political philosophy and psychology in particular were hugely innovative and he was regarded by his contemporaries as a major intellectual figure this comprehensive and accessible guide to hobbes s life and work features 120 specially commissioned entries written by a team of leading experts in the field of seventeenth century philosophy and political thought covering every aspect of hobbes s ideas the companion presents a comprehensive overview of the major themes and topics in hobbes s work in particular within the fields of language political philosophy moral philosophy and psychology religion law and science it concludes with a thoroughly comprehensive bibliography of primary and secondary sources this is an essential reference tool for anyone working in the fields of seventeenth century philosophy and political theory
