this japanes architecture and design book is a wonderful source of new styles and ideas for those looking to add a distinctively zen flair to their home limited spaces unlimited technology a tradition of innovation and sheer japanes panache have combined to inspire the 26 stunning homes featured in japan houses conceived by 24 of japan s leading architects and designers each of the houses forecasts and defines a new trend in residential architecture reinventing the meaning and use of space material and function traditional lifestyles are challenged domestic functions such as cooking and entertaining are moved out of the house into the public domain while laptops bring work back in zen minimalist is juxtaposed with comfortable opulence time honored workmanship is coupled with exciting new materials resulting in a recognizable style that belongs to japan reflecting its culture and craftsmanship while at the same time being avant garde and international the spirit of each of these astonishing houses is captured in beautiful photographs plans and commentary

the simple beauty of japanes architecture and design has inspired many of the world s top architects and designers the grace and elegance of the japanes sensibility is reflected in both modern and traditional japanes homes from their fluid floor plans to their use of natural materials in the japanes house renowned japanes photographer noboru murata has captured this eastern spirit with hundreds of vivid color photographs of 15 japanes homes as we step behind the lens with murata we re witness to the unique japanes aesthetic to the simple proportions modeled after the square of the tatami mat to refined rustic decor to earthy materials like wood paper straw ceramics and textiles this is a glorious house tour readers can return to again and again for ideas inspiration or simply admiration

in this book the author writes about the more than 4 years he spent visiting hundreds of Japanese homes and learning as much as possible about their construction design furnishings and relative merits it is the only authentic record of the traditional home mats lamps screens gardens from its general plan to the smallest decorative detail 307 illustrations

a remarkable classic work on traditional Japanese architecture and its general integrative quality the order of space and form the flexibility of partitions and room functions and other important or unique qualities the author describes in detail and with numerous architectural plans and drawings the influence of the anatomy of the Japanese human body on traditional units of measurement and on house construction this work is not simply a description of the features of the Japanese house but an invitation to probe the possibilities of utilizing this architectural achievement of the Japanese in modern living and building according to the author who further believes that the unique features of the Japanese house are better suited to serve as a pattern for contemporary housing than any other form of residential structure

a house is a site the bounds and focus of a community it is also an artifact a material extension of its occupants lives this book takes the Japanese house in both senses as site and as artifact and explores the spaces commodities and conceptions of community associated with it in the modern era as Japan modernized the principles that had traditionally related house and family began to break down even where the traditional class markers surrounding the house persisted they became vessels for new meanings as housing was resituated in a new nexus of relations the house as artifact and the artifacts it housed were affected in turn the construction and ornament of houses ceased to be stable indications of their occupants social status the home became a means of personal expression and the act of dwelling was reconceived in terms of consumption amid the breakdown of inherited meanings and the fluidity of modern society not only did the increased diversity of commodities lead to material elaboration of dwellings but home itself became an object of special attention its importance emphasized in writing invoked in politics and articulated in architectural design the aim of this book is to show the features of this culture of the home as it took shape in Japan

enter the world of the stylish Japanese house where every object in sight is a work of art Japan style introduces 20 special residences with more than 200 color photographs this book showcases Japanese design in the stunning beauty of old homes and reveals how they are cared for by their owners traditional Japanese homes with superbly crafted fine wood great workmanship and seasonal interior arrangements have an aesthetic of infinite simplicity unlike Japanese inns and historical buildings the Japanese architecture featured in this book is on private property not open to public viewing Japan style offers a rare glimpse into the intimate world of everyday Japanese culture and fascinating insight into the traditional architecture of Japan

pt 1 the sukiya style exemplified Kitamura residence pt 2 the realization of the sukiya style origins Sen no Rikyu and his house at Juraku Dai cultural coexistence the sukiya versus the decorative style in Momoyama architecture emancipation from the symbolism of status Sakui creative originality Konomi design according to individual taste mitigate the discovery of new values the sukiya style versus status symbol architecture characteristic sukiya techniques and materials the refinement of detail functional planning colorful presentation modern limitations modern trends pt 3 highlights of the sukiya style the diagonal line approach conciseness of composition pivoting space the flexible interior

nowhere in the world have architects built homes as small as in Japan and nowhere with such success this title presents the designs of the latest generation of architects and situates them in the historical

evolution of japanese housing the extremely small japanese dwelling by western standards can barely be considered a comfortable place this requires knowledge of the traditional japanese home the family culture and the limitations of building in densely populated areas the strength of the japanese dwelling turns out not to lie in a rational quantity of square metres but to be of a spiritual nature using critical research interviews and projects this book presents the state of the art of the individual house in japan in addition it provides insight into the unique design approach of different generations of japanese architects the 21 completed homes in this reference book are richly illustrated with drawings and photographs in this way this book offers inspiration for the construction of unique small dwellings

in future development of japanese dwelling houses shigetsura shiga offers an incisive exploration of the transitional period in japanese architecture at the dawn of the 20th century this scholarly work provides a vital understanding of the evolving nature of domestic architecture in japan as it encountered the rising tide of western influence through a clear prose style buttressed by a myriad of photographs and illustrations shiga crafts a narrative that is both descriptive and prescriptive showcasing the beauty of traditional designs while pointing towards a synthesis with western architectural advancements the book situates itself within the broader discourse of cultural hybridization offering a unique perspective on the dialogue between traditional japanese aesthetics and modernity shigetsura shiga whose experiences and knowledge of both eastern and western architecture are palpable throughout the text is uniquely positioned to chronicle these changes his expertise allows him to deftly navigate the technicalities of house construction while engaging with the larger cultural and historical implications of this stylistic convergence future development of japanese dwelling houses reflects shiga s foresight into the inevitable intermingling of global architectural practices and his commitment to the preservation of cultural identity amidst change readers with an interest in architecture history and cultural studies will find future development of japanese dwelling houses to be a compelling read shiga s meticulous research and the book s visual aids provide a fascinating window into a pivotal moment in japanese architectural history it is an essential addition to the library of any scholar interested in the evolution of domestic spaces cross cultural influences in design and the ongoing conversation between past and present in the built environment

published on the occasion of the exhibition the japanese house architecture life after 1945 this catalogue contains a vast selection of photographs drawings projects and analyses offering a comprehensive overview of japanese residential architecture from the post war period to the present day 13 thematic sections present different aspects of the research documenting the work of archistars such as toyo ito kazuyo sejima and kenzo tange the contributions of architects less well known outside japan and the experimentation of the younger generations in parallel essays by the curators and by hiroyasu fujio and kenjiro hosaka along with biographies of all the architects painstakingly map the country s domestic architecture

a remarkable classic work on traditional japanese architecture and how the style and features can serve as a model for contemporary residential buildings with incredible detail as well as numerous architectural plans and drawings author and architect heino engel describes everything from room functions and the flexibility of partitions to the influence of human anatomy on japanese units of measure rather than exploring why the traditional japanese house is built the way it is engel delves into the practical information what the japanese house it and how it is built this book is not simply a description of the features of the japanese house but an invitation to probe the possibilities of utilizing this architectural achievement of the japanese in modern living and building according to the author who further believes that the unique details of the japanese house are better suited as a

pattern for contemporary housing than any other form of residential structure with a new foreword by architect and professor mira locher fellow of the american institute of architects this updated hardcover edition brings this popular work to modern readers in hopes that they may find ideas to adopt into their own home

since the second world war the family system has largely broken down and industries centered around consumer goods have expanded at a lightning pace with the result that the japanese house has undergone a rapid transformation this book describes how these changes continue to affect japanese residential architecture

japanese houses today have to contend with unique factors that condition their design from tiny plots in crowded urban contexts to ever present seismic threats these challenges encourage their architects to explore alternating ideas of stability and ephemerality in various ways resulting in spaces that are as fascinating as they are idiosyncratic their formal innovation and attention to materials technology and measures to coax in light and air while maintaining domestic privacy make them cutting edge residences that suggest new ways of being at home contemporary japanese architecture has emerged as a substantial force on the international scene ever since kenzo tange won the pritzker prize in 1987 this overview of 50 recent houses powerfully demonstrates japan s enduring commitment to design innovation

japanese residential building has fascinated whole generations of architects alongside the strict implementation of design concepts the small conceptual houses are excellent examples for the demonstration of creative experimentation in terms of spatial configuration materials and the ability to organise even the smallest of spaces these houses are like miniature laboratories clearly showing not only the creativity of japanese architects but also the treatment of the ephemeral and the various layered boundaries between private and public space the fast pace of change in japanese cities has generated an enormous architectural treasure trove for the western world this treasure trove will be documented in small houses a book that will also familiarise the reader with the broader aspects of japanese culture small houses is a book about japanese residential building aimed at architects interior designers students and anyone interested in this exciting and dynamic scene the book focuses on the small houses mainly one family houses the selected projects are by both internationally renowned architects and by architectural practices that are little known outside japan an in depth treatment will be presented for each project which will familiarise readers with the cultural and societal context and the particular japanese way of treating certain architectural elements the presentation of details that are irrelevant outside of asia is avoided the book focuses on existing residential buildings that are represented by images and other architectural graphics such as layouts and sections

leading architectural theorist atsushi ueda reveals the history and development of japanese form and space for dwellings and establishes why its inimitable means of adaptation to natural light is considered to be so influential with the possible exception of the woodblock print no other aspect of japanese culture has been so widely embraced outside japan as the traditional japanese home interior decorators architects and homeowners from the west have been borrowing from japanese architecture since frank lloyd wright yet the fundamentals of the japanese abode

published on the occasion of an exhibition held at the national museum of modern art tokyo in 2017

japanese homes and their surroundings is an unchanged high quality reprint of the original edition of 1885 hansebooks is editor of the literature on different topic areas such as research and science travel and expeditions cooking and nutrition medicine and other genres as a publisher we focus on the

preservation of historical literature many works of historical writers and scientists are available today as antiques only hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future
