proceedings of the 2nd international conference on quran and hadith studies information technology and media in conjunction with the 1st international conference on islam science and technology iconquhas iconist bandung october 2 4 2018 indonesia now days multimedia devices offer opportunities in transforming the quran and hadith into different forms of use and into extended areas of studies technology information offers challenges as well as opportunity therefore faculty of ushuluddin uin the state islamic university syarif hidayatullah jakarta of uin sunan gunung djati bandung and uin maulana malik ibrahim malang held jointly the 2nd international conference on qur an and hadith studies iconquhas 2018 and the 1st international conference on islam science and technology iconist2018 with the theme qur an hadith information technology and media challenges and opportunities this conference aims at bringing together scholars and researchers to share their knowledge and their research findings this publication resulted from the selected papers of these conferences

this book constitutes the refereed proceedings of the 21st international conference on applications of natural language to information systems nldb 2016 held in salford uk in june 2016 the 17 full papers 22 short papers and 13 poster papers presented were carefully reviewed and selected from 83 submissions the papers cover the following topics theoretical aspects algorithms applications architectures for applied and integrated nlp resources for applied nlp and other aspects of nlp

we are delighted to introduce the proceedings of the 3rd international colloquium on interdisciplinary islamic studies it is annual event hosted and organised by the graduate school of state islamic university of syarif hidayatullah jakarta it was fully 2 days event 20 21 october 2020 by virtual online mode with 3 keynotes speakers prof abdel aziz moenadil from the university of ibn thufail maroko prof wael aly sayyed from the university of ain syams cairo mesir and assoc prof aria nakissa ph d from harvard university the proceeding consisted of 41 accepted papers from the total of 81 submission papers the proceeding consisted of 6 main areas of interdisciplinary islamic studies they are islam and medicine islam and science and technology islam and psychology islam and education quran and hadits and islamic studies with other various

aspects all papers have been scrutinized by a panel of reviewers who provide critical comments and corrections and thereafter contributed to the improvement of the quality of the papers research in islamic studies and muslim societies today also increasingly uses interdisciplinary methods and approaches in order to produce more objective findings the researchers looked at the need to combine several methods or approaches to an object of study so that they had additional considerations needed these additional considerations add a more comprehensive perspective in this way in turn they can come up with better findings interdisciplinary islamic studies dispute that islam is monolithic militaristic and primarily middle eastern we strongly believe that iciis conference has become a good forum for all researcher developers practitioners scholars policy makers especially post graduate students to discuss their understandings of current processes and findings as well as to look at possibilities for setting up new trends in sdg and islamic interdisciplinary studies we also expect that the future iciis conference will be as successful and stimulating as indicated by the contributions presented in this volume

the development of new and social networking sites as well as the growth of transnational arab television has triggered a debate about the rise in transnational political and religious identification as individuals and groups negotiate this new triad of media religion and culture this book examines the implications of new media on the rise of political islam and on islamic religious identity in the arab middle east and north africa as well as among muslim arab diasporas undoubtedly the process of globalization especially in the field of media and icts challenges the cultural and religious systems particularly in terms of identity formation across the world arab muslims have embraced new media not only as a source of information but also as a source of guidance and fatwas thereby transforming muslim practices and rituals this volume brings together chapters from a range of specialists working in the field presenting a variety of case studies on new media identity formation and political islam in muslim communities both within and beyond the mena region offering new insight into the influence of media exposure on national political and cultural boundaries of the islamic identity this book is a valuable resource for students and scholars of middle eastern politics specifically political islam and political

communication

this book constitutes the extended abstracts of the posters presented during the 22nd international conference on human computer interaction hcii 2020 which was held in july 2020 the conference was planned to take place in copenhagen denmark but had to change to a virtual conference mode due to the covid 19 pandemic from a total of 6326 submissions a total of 1439 papers and 238 posters have been accepted for publication in the hcii 2020 proceedings before the conference took place in addition a total of 333 papers and 144 posters are included in the volumes of the proceedings published after the conference as late breaking work papers and posters these contributions address the latest research and development efforts in the field and highlight the human aspects of design and use of computing systems the 82 papers presented in this volume are organized in topical sections as follows design for all and sssisitive technologies virtual augmented and mixed reality learning hci culture and art health and wellbeing applications hci in mobility automotive and aviation

one of the greatest dilemmas facing muslims today is the fact that muslim culture is often seemingly incompatible with the culture of the modern western world and the features associated with it technological progress consumerism and new electronic communication all of which have the potential for a homogenizing effect on any culture this book explores many key aspects of the globalisation process discussing how muslim countries are coping with globalisation as well as considering how the west is responding to islam

arranged by broad subject and indexed by narrow subject and title this popular annual publication offers nearly 500 reviews of print and electronic reference sources

ocean and marine resources from the koran perspective with reference to marine resources management in indonesia

cyber worship in multifaith perspectives as is implied by its name explores worship i e prayer praise scripture sacrament

rituals confessions eucharist rites pilgrimages reflection contemplation etc on the internet it is not an everything you need to know guide about the subjects of faith and belief religions online religions on the net or religions in cyberspace rather it is a book about religious and spiritual experience under the rubric cyber worship which is the variety of ways religious devotion is performed and carried out on the internet the term cyber worship is a catchall phrase which includes variants such as online worship virtual worship electronic prayer cyber puja cyber synagogue and so on dr mohamed taher has thus assembled a quick reference for two groups those communities that are involved in cyber worship and business webs that collaborate in sustaining wired environments as such this book provides an interesting and current perspective on a practice that will continue to grow in the future

renowned author kenneth cragg examines the questions what happens in the qur an in this uniquely comprehensive scholarly and historical study
