an essential volume for anyone interested in the history of sociology the development of sociological theory or the history of women in the profession this well researched compellingly argued book makes the case for the active and significant presence of women in the creation of sociology and social theory in its founding and classic periods further lengermann and niebrugge explain how the women came to be erased from the history of sociology and identify the political and intellectual currents that now make their recovery both possible and important the volume focuses on 15 women in eight chapters each chapter begins with a biographical sketch situating each thinkers ideas in a historical social and cultural context next the authors analyze the womans theory summarizing its underlying assumptions explicating its major themes and introducing key vocabulary the chapter concludes with

excerpts from the original texts of the women founders all the theories discussed in this text share a moral commitment to the idea that sociology should and could work for the alleviation of socially produced human pain the ethical duty of the sociologist is to seek sound scientific knowledge to refuse to make the knowledge an end in itself to speak for the disempowered to advocate social reform and to never forget that the appropriate relationship between researcher and subject is one of mutuality

the theories of talcott parsons are enjoying a revival in the world of sociology rather than following closely the complex original prose in an effort to explain the theory in its minutiae holmwood presents a highly readable non technical critique of several of the strongest underlying sociological themes and shows how although flawed in many respects these themes have been recurring in different forms in the theories of those critical of his work

founders classics and canons have been vitally important in helping to frame sociology's identity within the academy today a number of positions feminist postmodernist postcolonial question the status of tradition in founders classics canons peter baehr defends the continuing importance of sociology's classics and traditions in a university education baehr offers arguments against interpreting defending and attacking sociology's great texts and authors in terms of founders and canons he demonstrates why in logical and historical terms discourses and traditions cannot actually be founded and why the term founder has little explanatory content equally he takes issue with the notion of canon and argues that the analogy between the theological canon and sociological classic texts though seductive is mistaken although he questions the uses to which the concepts of founder classic and canon have been put baehr is not dismissive on the contrary he seeks to understand the value and meaning these concepts have for the people who employ them in the cultural battle to affirm or attack the liberal university tradition

this edited volume highlights the work of ten forgotten and neglected social theorists in the hope of reinvigorating interest in their work and their potential contributions to the analysis of contemporary social issues each chapter includes a brief biographical sketch an overview of the selected theorist's work and significance and the relevance of their work to one or more contemporary social issues while other similar texts tend to focus primarily on intellectual biography our emphasis here is on the scholar's theories and their application to contemporary social issues we provide a contextualization of each scholar's work using present day social issues or problems many of these individuals played a significant role in the development of sociology our hope is to provide a resource that will help re integrate these marginalized social theorists rescuing them from obscurity and elevating their status

this book challenges sociologists and sociology students to think beyond the construction of social problems to tackle a central question what do sociologists do with the analytic tools and academic skills afforded by their discipline to respond to social problems service sociology posits that a central role of sociology is not simply to analyse and interpret social problems but to act in the world in an informed manner to ameliorate suffering and address the structural causes of these problems this volume provides a unique contribution to this approach to sociology

exploring the intersection between its role as an academic discipline and its practice in the service of communities and people with both contemporary and historical analyses the book traces the legacy characteristics contours and goals of the sociology of service shedding light on its roots in early american sociology and its deep connections to activism before examining the social context that underlies the call for volunteerism community involvement and non profit organisations as well as the strategies that have promise in remedying contemporary social problems presenting examples of concrete social problems from around the world including issues of democratic participation poverty and unemployment student involvement in microlending disaster mitigation the organization and leadership of social movements homelessness activism around hiv aids and service spring breaks service sociology and academic engagement in social problems explores the utility of public teaching participatory action research and service learning in the classroom as a contribution to the community

founders classics and canons have been vitally important in helping to frame sociology s identity within the academy today a number of positions feminist postmodernist postcolonial question the status of tradition in founders classics canons peter baehr defends the continuing importance of sociology s classics and traditions in a university education baehr offers arguments against interpreting defending and attacking sociology s great texts and authors in terms of founders and canons he demonstrates why in logical and historical terms discourses and traditions cannot actually be founded and why the term founder has little explanatory content equally he takes issue with the notion of canon and argues that the analogy between the theological canon and sociological classic texts though seductive is mistaken although he questions the uses to which the concepts of founder classic and canon have been put baehr is not dismissive on the contrary he seeks to understand the value and meaning these concepts have for the people who employ them in the cultural battle to affirm or attack the liberal university tradition

this book presents the often overlooked contributions of 15 extraordinary women sociologists of the 19th and early 20th centuries their work history and voices lengermann and niebrugge brantley s thorough text is designed to give students a complete picture of each woman s contribution to sociology and social theory they offer for each subject a biographical background a thematic analysis of the social theory and selections from the woman s own writings the structure of the book allows instructors to craft their teaching around the text by focusing each chapter on one specific sociologist instructors are free to incorporate the text as they like serving as either a supplement to sociology and women s studies courses or as a primary text

emile durkheim one of the founding fathers of sociology has been the subject of many studies but this book is the first to introduce the individual and collective work of his colleagues and disciples who formed with him the french school of sociology such an association of talented scholars was a unique event in the history of sociology and a decisive landmark in the development of the discipline in this book examination of the texts of the durkheimians is combined with analysis of the social and intellectual group attempted to create a new social science in this respect the present book is also instructive about the birth and

institutionalisation of academic disciplines in general but studying the work of the durkheimians goes beyond historical research the durkheimians can still offer lessons in the exploration of the territory of sociology an area in which so much virgin land remains unmapped

the book founding fathers of sociology comte marx spencer durkheim and weber is a significant collection of the works of auguste comte herbert spencer karl marx emile durkheim and max weber the book highlights the biographical sketch approaches perspectives theories and methodology of these said sociological thinkers

over the course of the last century scholars have furiously debated four questions concerning the founders and their act of creation were the framers motivated by their economic interests how democratic was the framers constitution should we interpret the founding using philosophical or strictly historical approaches what traditions of political thought were most important to the framers in understanding the founding the crucial questions alan gibson examines the preconceptions that scholars bring to these questions explores the deepest sources of scholars disagreements over them and suggests new and thoughtful lines of interpretation and inquiry building on his previous work interpreting the founding which offers a synoptic overview of the competing perspectives that have informed modern scholarship on the founders

recoge 1 introduction 2 on founding experiences 3 the major formative experiences of durkheim 4 the major formative experiences of weber 5 the formative experiences of durkheim and weber compared 6 the major formative experiences of parsons 7 conclusions the founding experiences of sociology

based on a comparative study of the theories of such sociologists as ward sumner keller giddings ross small and cooley this is a systematic and rigorous analysis of the main features of earlier sociological theory in the usa the author identifies and characterizes the basic assumptions of early american sociological thought in terms of an abstract analytical scheme he shows that early theory focused on social ontological interests the pervasive ontological stance being evolutionary naturalism within which the problems of social origins and social change tended to be paramount he also points out that some sociologists preferred a social process theory in his final chapter the author suggests the degree of similarity and dissimilarity of continuity and discontinuity between earlier and later theory in american sociology and provides a basis for explaining and interpreting the character of the prevalent assumptions of one period in american theory in relation to other periods
