a detailed and absorbing narrative of the campaigns fought on the forgotten eastern front of the great war vividly illustrating that these campaigns were no less costly tragic and important than the catastrophes of the somme verdun and passchendaele the massive offensives on the eastern front during 1915 are too often overshadowed by the events in western europe but the scale and ferocity of the clashes between imperial germany habsburg austria hungary and tsarist russia were greater than anything seen on the western front and ultimately as important to the final outcome of the war with the russians hamstrung by weak supply lines and the austro hungarian leadership committed to a strategy of offensive drives despite diminishing manpower and adverse terrain the fighting in early 1915 was a costly and futile exercise by the summer the central powers increasingly dominated by germany had begun to gain the advantage but even the gorlice tarnów offensive of 1915 which ultimately resulted in the retreat of russian forces from poland failed to bring the conflict to a conclusion now with the work of internationally renowned eastern front expert prit buttar this fascinating story is finally being told from the bitter fighting in the carpathian mountains to the sweeping advances through serbia and the almost medieval battle for the fortress of przemysl this is a staggeringly ambitious history of some of the most important moments of the first world war

america ascendant vividly portrays the global crisis that brought the media and the government into an alliance that changed the course of american and world history president franklin d roosevelt organized an extraordinary partnership between the u s government and america s media outlets to communicate to the reluctant and isolationist american public the nature of the threat that world war ii posed to the nation and the world the coalition s aim was to promote the concept of american exceptionalism and use it to galvanize the public for the government s cause america ascendant details the efforts of many prominent individuals and officials to harness the collective energy of the nation and guide the united states throughout world war ii then describes its aftermath and the cold war period dennis m spragg demonstrates how the news and entertainment of american broadcasters such as david sarnoff william paley and elmer davis helped rally the american

people to fashion a new liberal democratic order to stop the global spread of communism this media government alliance however was not achieved without difficulty spragg highlights the competing visions and personalities that clashed as media and government leaders tried to develop the paradigm that ultimately shifted american cultural and political thought throughout this searching history he sheds light on the underappreciated coordination between the media and the government to establish a liberal democratic world order and demonstrates why american exceptionalism still matters

does feminist theory the theoretical grasp of exactly how a patriarchal oppression of women operates and has operated in western societies arise simply as women s response to the experience of oppression bennett argues that no such substantial current of thought ever arises in this manner and that feminist theory is not truly grasped until we uncover in intellectual history the not yet feminist body of thought from which it emerges he approaches this matter by discussing an anti aesthetic tendency in the work of major eighteenth century german authors both male and female a tendency which develops he claims in the direction of proto feminism especially notable is the kind of feminist theory in question here a theory which focuses uncompromisingly on the hardest possible problems it encounters on a gender based logic by which women writers precisely in asserting themselves as women run up against an imperative of silence on the recognition that in a strictly ethical feminist view gender difference is inaccessible to the understanding and on the problem of a future for feminism in a world where the aesthetic approach to art and literature has apparently prevailed once and for all

this book explores the normative foundations of asean and the eu it revives the history of the two organizations in an in depth narrative of the protracted arguments surrounding their establishment legal integration and enlargement while political actors used norms to legitimize their ideas for institutional change the complex and dynamic nature of these norms also provided the breeding ground for contestation and sometimes institutional sclerosis and failure recasting these processes in an innovative english school framework the volume makes a crucial contribution to the literature of comparative regionalism that goes beyond eurocentric perspectives

race and the greening of atlanta turns an environmental lens on atlanta s ascent to thriving capital of the sunbelt over the twentieth century uniquely wide ranging in scale from the city s variegated neighborhoods up to its place in regional and national political economies this book reinterprets the fall of jim crow as a democratization born of two metropolitan movements a well known one for civil rights and a lesser known one on behalf of the environment arising out of atlanta s black and white middle classes respectively both movements owed much to new deal capitalism s undermining of concentrated wealth and power if not racial segregation in the jim crow south placing these two movements on the same historical page christopher c sellers spotlights those environmental inequities ideals and provocations that catalyzed their divergent political projects he then follows the intermittent sometimes vital alliances they struck as civil rights activists tackled poverty as a new environmental state arose and as black politicians began winning elections into the 1980s as a wealth concentrating style of capitalism returned to the city and atlanta became a national poster child for sprawl the seedbeds spread both for a national environmental justice movement and for an influential new style of antistatism sellers contends that this new conservatism sweeping the south with an antienvironmentalism and budding white nationalism that echoed the region s jim crow past once again challenged the democracy atlantans had achieved

dear reader we always think why certain combination or planets give good results in one horoscope and bad result in another horoscope so the secret lies in ascendant for example for libra ascendant exalted jupiter can give good results in career but for gemini ascendant exalted jupiter might give lot of problems because for libra ascendant it is benefic and for gemini ascendant it is strong maraka planet so this is the big secret in prediction we need to predict every ascendant combination differently there are 12 different ascendants from aries to pisces each planet behaves and act differently as they own different houses in horoscope for each ascendant so in this book i am describing fruitful yoga s and spoilt yoga s for all

ascendants which planet can give raj yoga or benefic results and which planet can give negative results in vedic astrology analyzing every ascendant differently is the key to predict the horoscope this is one of my best presentation and i hope you will love reading it welcome to my world of jyotish and divine knowledge regards saket shah

how do you face the world are you centred are you poised how well do you handle blind dates and job interviews your astrological ascendant the sign rising in the east at your birth is the face you wear in the world your social self your astrological clothing its just as important in your birth chart as your sun and moon how well do you really understand it join astrologer and novelist jodie forrest as she examines the ascendant through the lenses of the arts psychology relationships evolutionary astrology and metaphysics beginners or professional astrologers will deepen their knowledge of the rising sign with exercises for further study topics include why the ascendant may be the most overlooked and least understood member of the primal triad sun moon and ascendant what exactly is the ascendant several working metaphors for the ascendant and how to apply them when analysing charts how the ascendant interacts with the sun and the moon the ruler of the natal ascendant aspects to the natal ascendant dynamic events involving the ascendant transits progressions and arcs rectification tips for the ascendant includes an extensive ascendant cookbook for each rising sign

the greek gods are alive and well and living near guildford maybe welcome to alethea crowe s ready made world of gods and heroes and persecuted princesses

in this book i have tried to explain the shakti or power of nakshatra and how each ascendant will give results if rising sign falls in different nakshatras there are 27 nakshatra in vedic astrology when ascendant falls in these nakshatra based on shakti of nakshatra if effects the personality of individual this book is for advance astrologers these effects are noted based on experience and research on various horoscope also i have given lot of attributes of nakshatra at the end of the book

winner of the national indie excellence award for fantasy 2021 bronze medal winner for ya epic fantasy in the reader s favorite award 2021 holt cook was never meant to be a dragon rider he has always served the order hall of the crag dutifully keeping their kitchen pots clean until he discovers a dark secret dragons do not tolerate weakness among their kin killing the young they deem flawed moved by pity holt defies the order rescues a doomed egg and vows to protect the blind dragon within but the scourge is rising undead hordes roam the land spreading the blight and leaving destruction in their wake the dragon riders are being slaughtered and betrayal lurks in the shadows holt has one chance to survive he must cultivate the mysterious power of his dragon s magical core a unique energy which may tip the balance in the battles to come and prove to the world that a servant is worthy after all the start of a new dragon rider epic readers of beloved classics like eragon pern and temeraire are sure to love with the hard magic readers of brandon sanderson devour
