in selections from the speeches and writings of edmund burke the reader is invited into the profound political philosophy and oratory that shaped modern democratic thought

burke's eloquent prose intertwines rich historical context with poignant moral reasoning addressing the complexities of governance social order and individual rights during a tumultuous period of revolutionary change the selections showcase his masterful rhetoric and deep appreciation for the gradual evolution of society advocating for prudence and tradition in the face of radical reform edmund burke 1729 1797 was an irish statesman economist and philosopher whose experiences in british parliament during the american and french revolutions significantly influenced his views on liberty and authority his unique perspective as both a critic and a supporter of reform reflects his commitment to moderate principles grounded in historical continuity and cultural context these writings are not merely political statements but rather a testament to burke's enduring advocacy for human dignity and rational discourse in public life this collection is essential for anyone seeking to understand the foundations of conservative thought and the discourse surrounding freedom and order burke's insights remain remarkably relevant offering profound guidance for contemporary debates on governance and society readers will find in these selections a compelling and timeless reflection on the delicate balance between change and tradition

this biography of statesman edmund burke 1730 1797 covering three decades is the first to attend to the complexity of burke's thought as it emerges in both the major writings and private correspondence david bromwich reads burke's career as an imperfect attempt to organize an honorable life in the dense medium he knew politics to be

william h rueckert's landmark 1963 study kenneth burke and the drama of human relations is often credited with bringing the field of burke studies into existence here rueckert has gathered his encounters with burke over the past thirty years brief talks position papers rethinking and reformation of earlier ideas and detailed analyses of individual texts into one volume that offers readers the best of burkean criticism

the eighteenth century remains contemporary more than 200 years later because the fundamental questions raised then about politics in both the american and french revolutions still speak to us the writings of edmund burke on these and other political events of his time are today acknowledged as the basis of modern conservative thought this volume brings together an outstanding collection of interpretative essays on burke and serves as a basic introduction to this seminal thinker a member of the british parliament from 1766 to 1794 edmund burke had sympathized with the american war of independence and argued for reform of british policy toward ireland and india but he surprised many of his friends by his early vehement opposition to the french revolution this volume brings together assessments of these and other statements by burke by contemporaries such as samuel taylor coleridge and william hazlitt along with essays by irving babbitt and russell kirk who established his significance for twentieth century conservatism this is a collection of the best previously published interpretive essays on burke it will be of interest to all those interested in the philosophical roots of conservatism in the history of political thought in revolution and in modern political ideologies

capturing the lively modernist milieu of kenneth burke s early career in greenwich village where burke arrived in 1915 fresh from high school in pittsburgh this book discovers him as an intellectual apprentice conversing with the moderns burke found himself in the midst of an avant garde peopled by malcolm cowley marianne moore jean toomer katherine anne porter william carlos williams allen tate hart crane alfred stieglitz and a host of other fascinating figures burke himself who died in 1993 at the age of 96 has been hailed as america s most brilliant and suggestive critic and the most significant theorist of rhetoric since cicero many schools of thought have claimed him as their own but burke has defied classification and indeed has often been considered a solitary eccentric genius immune to intellectual fashions but burke s formative work of the 1920s when he first defined himself and his work in the context of the modernist conversation has gone relatively unexamined here we see burke living and working with the crowd of poets painters and dramatists affiliated with others magazine stieglitz s 291 gallery and eugene o neill s provincetown players the leftists associated with the magazines the masses and seven arts the dadaists and the modernist writers working on literary journals like the dial where burke in his capacity as an associate editor saw t s eliot s the wasteland into print for the first time and provided other editorial services for thomas mann e e cummings ezra pound and many other writers of note burke also met the iconoclasts of the older generation represented by theodore dreiser and h l mencken the new humanists and the literary nationalists who founded contact and the new republic jack selzer shows how burke s own early poems fiction and essays emerged from and contributed to the modernist conversation in greenwich village he draws on a wonderfully rich array of letters between burke and his modernist friends and on the memoirs of his associates to create a vibrant portrait of the young burke s transformation from aesthete to social critic

this study of kenneth burke s writings traces the critic s commitment and contribution to philosophy prior to 1945 the author contends that rather than belonging to the late modernist tradition burke actually starts from a position closely akin to such postmodern figures as michel foucault

irish materialisms the nonhuman and the making of colonial ireland 1690 1830 is the first book to apply recent trends in new materialist criticism to ireland it radically shifts familiar colonial stereotypes of the feminized racialized cottier according to the irish peasantry s subversive entanglement with nonhuman materiality each of the chapters engages a focused case study of an everyday object in colonial ireland coins flax spinning wheels mud and pigs to examine how each object s unique materiality contributed to the colonial ideology of british paternalism and afforded creative irish expression the main argument of irish materialisms is its methodology of reading literature through the agency of materiality and nonhuman narrative in order to gain a more egalitarian and varied understanding of colonial experience irish materialisms proves that new materialism holds powerful postcolonial potential through an intimate understanding of the materiality irish peasants handled on a daily basis this book presents a new portrait of irish character that reflects greater empowerment resistance and expression in the oppressed irish than has been previously recognized

kenneth burke rhetorician philosopher linguist sociologist literary and music critic crank was one of the foremost theorists of literary form he did not fit tidily into any philosophical school nor was he reducible to any simple set of principles or ideas he published widely and is probably best known for two of his classic works a rhetoric of motive and philosophy of literary form his observations on myth however were never systematic and much of his writing on literary theory and other topics cannot be fully understood without fleshing out his thoughts on myth and mythmaking
