introduction to the law of carriage of goods is a comprehensive guide to the law of carriage of goods by land sea and air along with a brief summary of the law relating to passengers and their luggage

this critical study of the principles covering the carriage of goods by sea concentrates mainly on an exposition of the law relating to charterparties and bills of lading coverage is also given to the development of new forms of documentation and to problems arising from through and combined transport in so far as they relate to carriage of goods by sea cargo claim such as arbitration proper law and mareva injunctions emphasis is on an english common law approach though reference is made to international conventions and commonwealth and us case material the legal principles are examined critically against the background of contemporary practice in the shipping industry and full coverage is devoted to the recent and potential developments in

the field undergraduate and postgraduate courses in shipping law run by universities and polytechnics however it should also be useful for the bar option on international trade and for courses for master and extra master s certificates it may also be useful as a basic reference work for members of legal firms p i clubs etc in the city who are involved in carriage claims

this book provides a comprehensive overview and insight into the legal aspects of sea carriage and its surrounding issues the book will enable law students both new to the subject as well as those seeking to advance their knowledge to understand the often technical and complicated nature of the law in this area better it includes relevant case excerpts statutory materials and exam and coursework related questions and diagrams to aid understanding of the subject the areas covered include bills of lading charter parties international and domestic regulations rights and obligations of the parties under a contract of carriage limitations of liability remedies

this book written in three parts introduces the reader to the basics of the international trade and elaborates on bills of lading and charterparties in depth while the book is based on the english law cases and materials from other jurisdictions particularly singapore malaysia india the usa and australia are brought in to provide an international perspective the practical analyses commentary and critiques of cases would be a useful guide for practitioners in developing case arguments although written with practitioners academicians and students in mind the book will also serve as a useful guide for sea carriers freight forwarders international traders financiers etc as the complex subject is presented in reader friendly and easy to grasp manner arun kasi is a barrister specializing in maritime law he undertakes court matters as well as work as arbitrator and arbitration counsel under the terms of london maritime arbitrators association lmaa and singapore chamber of maritime arbitration scma he holds a doctorate degree in maritime law he graduated with his law degree when he was 19 years old and has been working in the field since then to date over a span of three decades he has authored six books and about 50 articles

excerpt from the law of carriage by railway the object of this book is to present the law on the subject with which it deals in a concise form suitable for a students reading it is a re casting of notes made by the author for lectures delivered at the london school of economics and political science to students the majority of whom were in the employment of the great railway companies the book does not pretend to be a complete digest of railway law nor to compete with any of the existing comprehensive works on the subject it is merely a handbook which it is hoped will enable railway men to gain some knowledge of the law governing the ordinary relationship between the carrier and his customer it does not profess to deal with matters within the jurisdiction of the railway commissioners about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at [forgottenbooks.com](http://forgottenbooks.com) this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

this book consists of edited versions of the papers delivered at the institute of international shipping and trade law s 11th international colloquium held at swansea law school in september 2015 featuring a team of contributors at the top of their profession both in practice and academia these papers have been carefully co ordinated so as to ensure to give the reader a first class insight into the issues surrounding international sale and carriage contracts the book is set out in three parts part i offers a detailed and critical analysis on emerging issues and unresolved questions in international sales and the carriage contracts affected to facilitate such sales part ii critically and thoroughly analyses the legal issues that often arise in the context of security over goods letters of credit and similar documents part iii is dedicated to a critical and up to date discussion on matters concerning cargo insurance in this context with its breadth of coverage and high quality analysis this book is vital reading for both professional and academic readers with an interest in international trade and carriage of goods

this book provides in depth clause by clause analysis and commentary of the major international conventions and standard form contracts within these areas new editions of two standard forms of contract for international carriage by rail citation of the relevant case law and statutes footnote annotations and cross references for each clause or provision

this book is the definitive guide to all aspects of this important part of international trade law relied upon by generations of students and practitioners alike this market leading text is renowned for combining a critical in depth examination of all aspects of the law relating to the carriage of goods by sea

there have been important developments in commercial practice technology shipping infrastructure and sustainability policies in recent times this research handbook examines the major themes surrounding the thinking and studies of maritime law and practice the stellar panel of contributors take a diverse range of approaches to identify any emerging theoretical and conceptual perspectives in law on what is essentially a fast paced sector of the global economy
