at last the australasian edition of romney and steinbart s respected ais text accounting information systems first australasian edition offers the most up to date comprehensive and student friendly coverage of accounting information systems in australia new zealand and asia accounting information systems has been extensively revised and updated to incorporate local laws standards and business practices the text has a new and flexible structure developed especially for australasian ais courses while also retaining the features that make the us edition easy to use nt concepts such as systems cycles controls auditing fraud and cybercrime ethics and the rea data model are brought to life by a wide variety of australasian case studies and examples with a learning and teaching resource package second to none this is the perfect resource for one semester undergraduate and graduate courses in accounting information systems

written by craig deegan australia s premier sustainability and social accounting academic an introduction to accounting accountability in organisations and society is the only resource in the market that brings corporate accountability sustainability and social responsibility together to provide a unique offering within the introductory accounting market this text takes a unique approach by embracing from the start the notion of accountability for the environment and sustainability in accounting providing students with an understanding of accounting s pervasive and transformative role as a social practice and organisational driver it shows that environments ideas and values change the interconnectivity of society that the planet must be respected as a resource and that people are affected influenced by the information they receive and the way it is presented the text emphasises that accounting and accountability are key aspects of every person s life and that

the practice of accounting while often being seen as very technical in nature has many social implications learning accounting through the lens of sustainability and the environment embeds this perspective in students minds so that in their careers they will actively seek and use accounting information to make decisions that take into consideration accountability for the environment premium online teaching and learning tools are available on the mindtap platform learn more about the online tools au.cengage.com/mindtap
