engagement and performance in mathematics at the upper secondary level have been the concern of successive governments in England. This report was commissioned as part of the country's policy reflections for transforming how maths is viewed and experienced in England. The report explores outcomes such as the share of students studying maths and performance across countries and how education systems internationally deliver mathematics in upper secondary. It also examines factors shaping maths education including the expectations set by curricula, student pathways, cultural perceptions and the needs of the labour market and higher education.

British Vocational Qualifications is an indispensable reference for careers advisors, human resource managers, employers, teachers and students featuring up-to-date information on over 3 500 vocational qualifications available in the United Kingdom. These include vocational qualifications, VQs, National Vocational Qualifications, NVQs, Scottish Vocational Qualifications, SVQs, Related Vocational Qualifications, RVQs and Apprenticeships. The directory also covers the latest developments within the fast-changing field of vocational qualifications and details of awarding, examining and validating bodies.
