this volume uses the art of rome to help us understand the radical historical break between the fundamental ancient pre supposition that there is a natural world or cosmos situating human life and the equally fundamental modern emphasis on human imagination and its creative power rome s unique art history reveals a different side of the battle between ancients and moderns than that usually raised as an issue in the history of science and philosophy the book traces the idea of a cosmos in pre modern art in rome from the reception of greek art in the roman republic to the construction of the pantheon to early christian art and architecture it then sketches the disappearance of the presupposition of a cosmos in the high renaissance and baroque periods as creativity became a new ideal through discussions of the art and architecture that defines proto

modern rome from michelangelo s terribilita in the sistine chapel caravaggio s realism baroque illusionism the infinities of borromini s architecture to the grand tour s representations of ruins through an interpretation of such major issues and works this book shows how modern art liberates us while leaving us feeling estranged from our grounding in the natural world the book will be of interest to scholars working in art history architectural history classics philosophy and early modern history and culture

this book brings together 15 papers on objects from the excavations of the town of gabii undertaken since 2007 objects ranging from the pre roman to imperial periods are examined using a mix of approaches making an effort to be sensitive to excavation context and formation processes

how were space and movement in roman cities affected by economic life what can the study of roman urban landscapes tell us about the nature of the roman economy these are the central questions addressed in this volume while there exist many studies of roman urban space and of the roman economy rarely have the two topics been investigated together in a sustained fashion in this volume an international team of archaeologists and historians focuses explicitly on the economics of space and mobility in roman imperial cities in both italy and the provinces east and west employing many kinds of material and written evidence and a wide range of methodologies the contributors cast new light both on well known and on less explored sites with their direct focus on the everyday economic uses of urban spaces and the movements through them the contributors offer a fresh and innovative perspective on the workings of roman urban economies and on the debates concerning space in the roman world this volume will be of interest to archaeologists and historians both those studying the greco roman world and those focusing on urban economic space in other periods and places as well as to other scholars studying premodern urbanism and urban economies

1977 to present citations to articles from more than 1 000 periodicals in all western languages including all major architectural journals published in the u s and great britain as well as most south american european and japanese architecture related periodicals

over the past forty years state provincial and local governments in the united states and canada have provided foreign automakers with approximately 4 80 billion in incentives in order to lure light vehicles assembly plants to their areas this has included tax abatements infrastructure construction land giveaways job training programs and other subsidies as of early 2015 ten foreign vehicle makers operated 20 light vehicles in developed north america despite the fact that all ten of these automakers have pursued a similar pattern first exporting vehicles into the united states and canada before launching vehicle plants in developed north america each has followed its own specific historical development path and has created its own unique growth trajectory this book provides a unique historical and qualitative review of these ten vehicle makers from their early beginnings to their export entry into the united states and or canada through early 2015 in addition it chronicles the histories of more than a dozen former automakers and potential future foreign light motor vehicle assembly plants in the united states and canada this includes the first foreign automaker to build its cars in the united states de dion

bouton of france in july 1900 the early 20th century endeavors of fiat mercedes and rolls royce and the present day hopes of chinese and indian automakers in the process the text also provides an assessment of the top competing states and sites for any future plants the possible incentives packages governments may offer to attract such facilities and an estimated incentive value for each automaker overall the goal of this book is to expand the knowledge of policymakers at all tiers of government in the united states and canada and to help them take a more holistic look at the pros and cons of attracting automobile manufacturing fdi it is hoped that this will enable them to make more informed decisions when pursuing a new foreign motor vehicle assembly plant its findings should also prove informative to urban and regional planning political science sociology economics labor and international development scholars and students in north america and worldwide

this book explores the intersection between architecture pictorial representation garden culture and natural history and proposes the interpretation that the illusionistic pergola was a metaphor for the renaissance mind as it negotiated a new cognitive topography between an internal rationalism governed by classical verities and the perpetually fluctuating outer world of global expansion

lors des fouilles archéologiques c est le plus souvent sous forme fragmentaire que l on retrouve les décors peints du monde romain quant aux peintures découvertes en place il était d usage à certaines périodes de les démanteler pour en emporter ce qu on estimait le plus digne d intérêt c est à l histoire de ces fragments que s intéresse cet ouvrage en interrogeant les transformations qu ils subissent dans leur statut comme dans leurs fonctions il était en effet courant dans l antiquité de réemployer les revêtements détruits comme matériau de construction pour combler des structures réaliser des niveaux de préparation de sol ou encore servir dans le blocage voire dans les parements de murs ils perdaient alors leur fonction décorative qu ils retrouvent par la suite entre les mains de l archéologue qui tente de les reconstituer si la recherche a beaucoup progressé aux cours des dernières décennies sur la reconstitution et l étude des décors qui nous sont parvenus à l état fragmentaire elle a néanmoins prêté peu d attention aux fragments en eux mêmes devenus un temps matériaux de remploi ou simples gravats c est précisément cette deuxième vie tout aussi riche d informations que la première sur les pratiques de la société romaine qui est éclairée dans la première partie de l ouvrage le statut esthétique et symbolique du fragment a également évolué au cours de l histoire témoignage du monde antique arraché à l œuvre de l homme et du temps son incomplétude peut grever l intérêt qu on lui porte ou au contraire lui donner un caractère d autant plus précieux que menacé la seconde partie s intéresse ainsi à l évolution du statut du fragment de décor et de son traitement aux époques moderne et contemporaine l ambition est ainsi de participer à une réflexion plus large sur les pratiques de construction anciennes et sur les méthodes de restauration et conservation modernes et contemporaines

this study explores the phenomenon of the cults of raphael and michelangelo in relation to their death burial and posthumous fame or second life from their own times through the nineteenth century these two artists inspired fervent followings like no other artists before them the affective response of those touched by the potency of the physical presence of their art works

personal effects and remains or even touched by the power of their creative legacy opened up new avenues for artistic fame divination and commemoration within this cultural framework this study charts the elevation of the status of dozens of other artists in Italy through funerals and tomb memorialization many of which were held and made in response to those of Raphael and Michelangelo by bringing together disparate sources and engaging material as well as a variety of types of artworks and objects this book will be of great interest to anyone who studies early modern Italy art history cultural history and Italian studies
