this book will provide readers with a clear understanding of the basic principles focusing on a study of the relevant case and statute law

exploring the advantages and disadvantages of codifying contract law this book considers the question from the perspectives of both civil and common law systems referring in detail to issues of international and consumer law with contributions from leading international scholars the chapters present a range of opinions on the virtues of codification encouraging further debate on this topic the book commences with a discussion on the internationalization imperative for codification of contract law it then turns to regional issues exploring first codification attempts in the european union and japan and then issues relevant to codification in the common law jurisdictions of australia new zealand and the united states the collection concludes with two chapters which consider the need to draw upon both private and comparative international law perspectives to inform any codification reforms this book will be of interest to international and comparative contract law academics as well as regulators and policy makers

published in association with the law and justice foundation of nsw the case law in common law jurisdictions is massive and burgeoning this is particularly true of private

law including contract law to date there are over 6 000 Australian cases on contracts over 900 of them in the High Court of Australia there is wide agreement that it is becoming increasingly costly to locate comprehend and apply would it be beneficial if it were replaced by an authoritative statement of the law in a more accessible form such as in a code if there were to be a code should it state the law in a relatively small number of broad principles or state it in the form of numerous detailed rules the authors of models of contract law conducted three experiments which compared the utility of case law with that of two different codes of contract law *unidroit principles of international commercial contracts* a detailed model code published by the international institute for the unification of private law the Australian contract code a short draft code published by the Victorian Law Reform Commission in 1992 their book reports the hard data of this empirical research and their conclusions based on it these are there is a good case for codification and it would be better if the code stated broad principles rather than detailed rules

*Principles of Australian Contract Law* is designed to equip students and legal practitioners with the knowledge and skills required to understand and apply relevant contractual principles to the resolution of issues in this area of study written in an accessible style it introduces and discusses key concepts with a focus on pertinent case law and legislation the explanatory approach will help students to develop the analytical and problem solving skills necessary for successful legal practice the book has a logical structure that makes it easy to navigate between topics concepts covered include history and theory formation of a contract terms of a contract vitiating factors discharge illegality remedies based on contract other bases of relief including equitable and statutory relief third party rights the sixth edition has been fully revised and updated to include recent developments and is suitable for standalone use or with the companion casebook *Radan Gooley and Vickovich Principles of Australian Contract Law Cases and Materials* features explanatory approach and accessible style assist student understanding logical structure makes the book easy to navigate between topics designed to support single semester courses related titles *Radan Gooley Vickovich Principles of Australian Contract Law Cases and Materials* 6th ed 2024 *McNamara Crowley Cyr LexisNexis Questions Answers Contract Law* 7th ed 2023 *Mellick Newlyn LexisNexis Study Guide Contract Law* 2nd ed 2019
