influence it offers in contrast to the essential and by now classic definition of philippe lejeune an increased effectiveness of the poem to express the narrative purposes of autobiography recognizing poetic writing that has the extraordinary ability to say what the mortal language does not say to quote leopardi the works of seamus heaney thom gunn carlos barral and jaime gil de biedma are analyzed here and show an unveiling of the self through memories places and objects that often characterize them and that allow to whomever recalls one s own experience through writing the recovery and restoration of essential meanings to the reconstruction not only of subjective identity but also of one s own community

in his most recent films works of pessimism that view the world as resistant to change
