this edition of pharmaceutical practice replaces the 12th edition of cooper and gunn s dispensing for pharmaceutical students and has a redesigned and updated content written by specialists in pharmacy education and practice it aims to provide a sound base for all aspects of the work

this is a detailed and practical guide to the theory and practice of extemporaneous compounding and dispensing and a source of reference to extemporaneous formulae pharmacists have been responsible for compounding medicines for centuries and there is currently a dearth of current information on the topic yet it is still taught in schools of pharmacy and required in community and hospital departments and by specials manufacturers and in development of new products in industry this is a modern detailed and practical guide to the theory and practice of extemporaneous compounding and dispensing which will equip readers with the knowledge required for producing extemporaneous formulations safely and effectively

a student guide to extemporaneous pharmaceutical compounding and dispensing

the fifth edition of pharmaceutical practice has been totally overhauled and restructured to bring the contents completely up to date and to reflect emerging new roles for pharmacists both within the traditional employment areas of hospital and community pharmacy as well as other developing roles supporting the public health agenda governance risk management prescribing and pharmacoeconomics it covers a wide range of subjects relevant to pharmacy practice including communication skills managing a business quality assurance dispensing calculations packaging storage and labeling of medicines sterilization prescriptions hospital based services techniques and treatments adverse drug reactions cost benefit and medicines management each chapter begins with study point and ends with key points to reinforce learning appendices include medical abbreviations latin terms and abbreviations systems of weights and measurements presentation skills and key references self assessment questions for more complex areas of pharmaceutical practice new chapters on control of medicines control of health professionals and their staff ethics in practice standard operating procedures structure and organisation of pharmacy veterinary pharmacy appliances public health and pharmacy interventions new editor on the team jennie watson many new contributors comprising practising pharmacists teachers of pharmacy and pharmacists with joint appointments between hospital community pharmacy and universities

this is a modern detailed and practical guide to the theory and practice of extemporaneous compounding and dispensing fully revised and updated this new edition will be an indispensable reference for pharmacy students and practicing pharmacists

the authors have been teaching dispensing and compounding practice for a very long period one of the challenges in their career was the lack of a proper user friendly and comprehensive reference in compounding to use for teaching and instructing students as well as in hospital pharmacy practice this book was constructed with this challenge in mind and therefore simply presents such a reference it is simply written covers a wide spectrum of compounding practice with many formulae the book is also useful for entrepreneurial individuals interested in small scale manufacturing of extemporaneous products

this practical guide is an indispensable resource for students of pharmaceutical and medical science it provides in depth and detailed information on the process of dispensing medication including the preparation of prescription drugs and the use of dosage forms written by renowned medical expert charles john samuel thompson this book is a must read for anyone pursuing a career in healthcare this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
