this book offers a systematic exploration of the role of religion and religiosity in electoral politics in catholic protestant and religiously mixed countries across western europe and in the united states the chapters approach the relationship between religion religiosity and electoral behaviour from a variety of different angles they include analyses of secularization trends comparative studies of the links between vote choice and religiosity longitudinal single country studies and a novel discussion of the

theoretical underpinnings of the politicization of religion that provides a radically new framework for the analysis of the role of religiosity in election studies the volume shows that despite the expectations of secularization theory religiosity remains relevant when casting votes it also argues that the traditional notion of religious cleavage should be replaced with the more accurate idea of religious voting chapters draw on national election studies data and comparative datasets such as european values studies evs european social surveys ess and european election studies ees to empirically test expectations regarding religious voting the results show that variations in religious voting are conditional on both the agency of political and ecclesiastical leaders when politicizing religious issues and the legacies of previous societal and political religious conflicts regardless of whether the original party system had a predominant religious cleavage

a family of four gather for a meal as they joke with one another a traveler at a bus stop engages in conversation a room in a board and care facility gets hyped while a bus relocates from town to town a young man gains experience in life working at a carnival and learns the rudiments of business an adult female works for a car rental outlet and undertakes to kill on the side a porn star makes a living and gratifies his urges while a young man learns the lessons of life from the perspective of a mental patient

the study of voting behaviour remains a vibrant sub discipline of political science the handbook of electoral behaviour is an authoritative and wide ranging survey of this dynamic field drawing together a team of the world s leading scholars to provide a state of the art review that sets the agenda for future study taking an interdisciplinary approach and focusing on a range of countries the handbook is composed of eight parts the first five cover the principal theoretical paradigms establishing the state of the art in their conceptualisation and application and followed by chapters on their specific challenges and innovative applications in contemporary voting studies the remaining three parts explore elements of the voting process to understand their different effects on vote outcomes the sage handbook of electoral behaviour is an essential benchmark publication for advanced students researchers and practitioners in the fields of politics sociology psychology and research methods

is european party politics hovering above society why do voters pick one party over others is it a question of class of religion of attitudes about taxes or immigration or global warming or is it something else entirely the structure of political competition in western europe takes a detailed look at the ways in which western europe s party systems are anchored in social and ideological structures the book s first section focuses on the role of social structures particularly education class and religion and

analyzes the complex interplay among these factors the second section addresses the ways that the sociological structures such as class and religion interact with voters values the third section examines the way that these structures and values shape the space of political competition among parties the conclusion integrates the findings of the empirical articles putting them into broader comparative perspective discussing whether relatively predictable structures have been overwhelmed by media driven spectacles political personalities and focus on short term economic performance this volume will appeal to scholars and graduate students in europe and those from north america asia and other regions who study european politics political parties cleavages and political behaviour this book was published as a special issue of west european politics

these research based approaches for defusing disruptions such as off task behavior disrespect and noncompliance help teachers avoid escalation correct misbehaviors and maintain the flow of instruction

excerpts from the logs of practicing teachers supplement a guide to the student teaching experience that offers ideas and practical information on curriculum classroom management and relationships with the cooperating teachers students college supervisors parents and principals

even in primary school students suffer from bullying aggression and harassment at the hands of other students teachers and headteachers deal with incidents of disrespect day in and day out taking valuable time and energy away from instruction and force teachers into the role of disciplinarian often teachers and other educators resort to using stricter forms of control and behaviuor modification to stop bullying but usually this doesn t solve the problem and also threatens the student teacher relationship the fact is students don t want to be bullies but for many they feel it s their only option in a given situation by first understanding students experiences teachers and other educators can help students discover other options for dealing with problematic situations that avoid bullying aggression and harassment the authors provide ideas strategies and activities that promote respect responsibility and tolerance the authors a school psychologist and an elementary school teacher interviewed dozens of students and educators and have tested their strategies in dozens of schools the book includes numerous easy to implement activities along with programs and curricula appropriate for working with individual students classes and whole schools this accessible and jargon free resource includes first person quotes from students and teachers successful stories of students overcoming problems of bullying and disrespect frequently asked questions reflective questions examples of student work and a glossary
