clinical sociology is a multidisciplinary field that seeks to improve life situations for individuals and groups this book showcases the art and science of clinical sociology from

around the world it is the first book to present basic clinical sociology diagrams and models in addition to detailed histories of clinical sociology in the united states quebec france and japan a range of interventions are discussed in light of a region s economic social political and disciplinary history the book presents illustrative case studies from leaders in the field and it serves the need of graduate level courses from around the world

la sociologie clinique appréhende les phénomènes sociaux et psychiques dans une perspective théorique pratique critique et politique elle s intéresse à la dimension existentielle des rapports sociaux elle prend en compte la façon dont les acteurs vivent la société le dictionnaire de sociologie clinique décrit les méthodes et questions centrales de recherche et d intervention de la démarche clinique en sciences sociales à partir de multiples champs d application il bénéficie de la participation de fondateurs de la sociologie clinique de docteurs doctorants intervenants contribuant à son rayonnement national et international ainsi que de représentants d autres approches cliniques en sciences sociales les 245 notices présentées par ordre alphabétique constituent une boîte à outils conceptuels et méthodologiques destinée tant aux étudiants qu aux chercheurs en sciences humaines et sociales aux consultants et aux professionnels de la relation

the second and expanded edition of this award winning book provides the most up to date and important efforts for improving the quality of life in communities around the world it focuses on community improvements in relation to the interdisciplinary field of clinical sociology the first part of the book includes updated analyses of important concepts and tools for community intervention it discusses the importance of centrally involving community members in all phases of community development activities part ii includes several completely new chapters and focuses on projects in a number of countries the united states brazil south africa canada the philippines and france it covers topics such as establishing human rights cities involving and empowering local communities research in communities the healthy cities movement and climate change this edition includes several new gender focused chapters addressing local level

initiatives based on the recommendations of the committee on the elimination and discrimination against women cedaw women in prison and gender factors in climate risk the appendices include profiles of outstanding practitioners and scholar practitioners over the last 100 years this edition includes contributions from well known scholars and practitioners in clinical sociology and is of interest to sociologists social policy makers social workers and sustainability researchers the first edition of this book received the distinguished scholarly book award from the clinical sociology division of the international sociological association

being different is widely recognised as a social handicap and a source of stigmatisation this book shows through sixty interviews of atypical leaders that difference can also be a strength it tells the stories of people who were able to turn their destinies around

la sociologie clinique connaît depuis maintenant deux décennies un développement important en lien avec la montée toujours plus forte des préoccupations et des demandes sociales sur les dimensions subjectives de la condition humaine en témoigne la parution de nombreux ouvrages relevant de cette approche sur les thèmes les plus divers en revanche c est la première fois qu est entrepris le bilan de ses enjeux théoriques et méthodologiques définition et analyse de son objet lui même autrement dit des processus sociopsychiques mais aussi de la spécificité de sa pratique coopération étroite entre chercheurs et acteurs co acheminement du sens de l expérience et de la situation co construction des savoirs mise en travail par le sociologue lui même de sa propre implication dans la recherche visée compréhensive analytique mais aussi émancipatrice

les sociétés hypermodernes exacerbent la nécessité de s affirmer comme individu autonome pour se conformer à l idéologie de la réalisation de soi même beau paradoxe puisque chacun doit cultiver son identité personnelle en se conformant à l injonction d être un sujet responsable de lui même de ses actes de ses désirs de son existence sociale mais que signifie vouloir être soi même cet ouvrage explore les conditions sociales et psychiques du processus de subjectivation par lequel un individu cherche à advenir comme sujet entre sociologie et psychanalyse l exploration porte sur les notions

d individu d identité de sujet adossée à des vignettes cliniques à partir de récits de vie il prolonge les réflexions de l auteur sur une sociologie clinique attachée à comprendre au plus près du vécu comment se tissent les relations intimes entre l être de l homme et l être de la société d autres livres ont abordé la question celui ci a le mérite d offrir avec clarté un parcours passionnant à travers les diverses approches du sujet philosophiques psychologiques et sociologiques il dessine les contours d un être humain unifié où psychique et social interagissent au lieu de s opposer où les déterminismes sociaux sont aussi les ingrédients de l autonomie

csa sociological abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences the database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers

se réclamant d une épistémologie classique des psychologues et des sociologues ont oeuvré à dégager une compréhension de l expérience du sujet en situation sociale autour de cinq thématiques transversales politique et démocratie la question du lien social pouvoirs et institution la question de la régulation violence et crise la question de l identité sens et subjectivité la question de la souffrance psychique et social la question de l inconscient

entre la recherche clinique et la clinique de la recherche cet ouvrage explore et décrit une certaine façon d être chercheur une conception particulière du travail scientifique dans laquelle l implication et la distanciation se combinent en permanence cet ouvrage rend compte du travail du chercheur il décrit les ficelles du métier il raconte également une aventure intellectuelle et institutionnelle au sein du laboratoire de changement social trois générations de chercheurs apportent ici leur contribution à la construction d une orientation scientifique singulière qui prétend combiner deux postures a priori étrangères l une à l autre une démarche méthodologique d inspiration clinique une démarche théorique inscrite dans les sciences sociales

online version of the 5^e encyclopedia published in 2000

rassembler et analyser dans une démarche qualitative les représentations d'étudiants en animation et celles de professionnels de ce secteur tel est l'objectif de cet ouvrage. Le résultat d'une recherche réalisée auprès de plus de 700 personnes. L'objectif de l'étude a consisté à tenter de répondre aux questions suivantes : quelle représentation d'eux-mêmes, quelle représentation de la société, quelle conscience ont-ils de leur profession, quelle identité sociale, quelle capacité à élaborer une pensée collective.
