i purpose of the book 1 the court of justice plays a significant role in the development of  
the european communities to some extent comparable with the role of the supreme court  
in the early years of the united states of america both are constitutional courts charged  
with the preservation and the development of the law in a new society the powers of both  
are in fact limited by the 1 existing political situation each court plays a vital role in the  
protection of the individual against a vast and increasingly influential administration in the  
present book the attempt is made to describe the nature of the judicial protection within  
the sphere of european community law that is available to individuals and undertakings as  
well as to the member states the study is heavily based on the case law of the court of  
justice which in principle is described rather than criticized mainly for three reasons i the  
author has great admiration for the court of justice and for the manner in which it operates  
he considers that a detailed description of the court s case law portrays a fine legal  
system that is not susceptible to a great amount of fundamental criticism
